Howdy Dave,

Are you performing maintenance on dmvincuniak1 or experiencing an outage of any sort? Both the "dmvrapi1" and "alvin" environments are currently unable to send UNI messages, resulting in the following error:

System.ServiceModel.EndpointNotFoundException: There was no endpoint listening at <http://dmvincuniak1.dmv.loc:18080/UNIWebService45/MessageService.asmx> that could accept the message. This is often caused by an incorrect address or SOAP action. See InnerException, if present, for more details.

---> System.Net.WebException: Unable to connect to the remote server

---> System.Net.Sockets.SocketException: No connection could be made because the target machine actively refused it 146.63.153.173:18080

I've asked around here, but have yet to receive any responses.

Thank you,

Dillon Salsman-Pressley

Hi Dave,

This is a known issue that we've talked about. Even set to automatic, the UNI services only sometimes (at random) start up whenever the server is rebooted, and must be checked every single time. Since it's always been inconsistent, the delayed automatic may work a few times, then may still not. Since this is a critical system that needs high availability, I really believe this still needs a manual check after every restart.

Can we generate an email to DMV IT whenever the UNI server is restarted? It could have the message "The UNI production server has been restarted. Please check to ensure all UNI services have successfully started".

This way, if the server restarts on its own or whoever doesn't know or remember to look at the services, I (or someone) can check them first thing? This is not such a big deal right now since it's test, but will be a really gigantic deal when it's production. Since Alaska is 4 hours later than the east coast, other states and FMCSA will be unable to query us during that down time. Right now we have compliance reports on us because we're down for 20 minutes one weekday morning a week. If this happens again and it's down for hours during Eastern time zone business hours, AAMVA will open tickets and more serious out of compliance reports will be created, as well as inconveniencing many customers.

Understood. I am not sure that I can generate that from the UNI server itself, but I sure can from our Network Monitoring Software.

I'll put something together.

Hi Dillon,

I had not yet reset all the data when you started but I was able to use all you sent except that I would like for you to run the first inquiry over as I need to be able to see that all the JSI messages went back to you with the AK code. Other than that, all the smoke test cases you sent passed.

Also, please go ahead with Helpdesk R03...

Thanks,
Susan Creighton / 703.908.5893 office

Sent: Friday, November 3, 2017 11:21 AM
To: Dillon Salsman
Cc: Garber, Casey; Peters, Mina L (DOA); Patrick Anderson
Subject: RE: AK NMVTIS - Smoke Test

Congratulations, the online structured testing is complete!! So we just have the file transfer to get working and to finish the initial load testing and we will be finished. ☺

Thanks,
Susan Creighton / 703.908.5893 office

This email comes from an external source, so remember, Think Before You Click!
Hi Dillon,

Do you mind doing the inquiry one more time for R02A? I'm sorry, but the setup for AK had not been updated to include the RI/RJ messages, so you still did not receive them (my mistake).

TC R03 and R04 passed

Thanks,
Susan Creighton / 703.908.5893 office

Hi Dillon,

I had not yet reset all the data when you started but I was able to use all you sent except that I would like for you to run the first inquiry over as I need to be able to see that all the JSI messages went back to you with the AK code. Other than that, all the smoke test cases you sent passed.

Also, please go ahead with Helpdesk R03...

Thanks,
Susan Creighton / 703.908.5893 office

OUR EVENTS

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

Alabama DOT, University Partnership to Pave the Way for AVs

The next evolution of driving is coming to Tuscaloosa, Ala. In a partnership with the Alabama Department of Transportation, the University of Alabama is funding the installation of technology that will, ultimately, pave the way for automated driving. [Read the article at govtech.com.](#)

Driver's Licenses With Fresh New Look Arrive in South Florida

Florida's new revamped driver's license has arrived in South Florida. Service centers in Broward, Palm Beach and Miami-Dade counties are now issuing the updated ID card to people who renew or change their license in person, said Alexis Bakofsky, a spokeswoman for the Florida Department of Highway Safety and Motor Vehicles. The new license and ID cards, which have more security features, will be harder to counterfeit or fake, she said. [Read the article at sun-sentinel.com.](#)

New Oklahoma Plates Honor POWs and MIAs

There's a new specialty license plate that's now available to order in Oklahoma with the words "You Are Not Forgotten" at the bottom. The new plates were made to raise awareness for and honor veterans who endured being prisoners of war, or were missing in action for a time. Like any other specialty plate, they cost \$38. However, \$20 of that amount will be directed to the Oklahoma Department of Veteran Affairs. [Read the article at kten.com.](#)

Select Driver's License Offices to Open Saturday to Issue Election IDs (Texas)

Select driver's license offices will be opening throughout Texas on Saturday – including in Travis, Williamson and Bell counties – to issue election identification certificates. People can also obtain the election IDs at any driver's license office during regular business hours. [Read the article at statesman.com.](#)

Classic License Plate Will Soon Return to Texas Vehicles

Texas license plate manufacturer My Plates is bringing back one of the state's most popular general-issue license plate designs. Up until a few years ago, the design featuring the space shuttle and the cowboy was commonplace on Texas

plates. The plate was introduced in 2000 and replaced in 2009 after more than 31.5 million had been issued. [Read the article at nbcdfw.com.](#)

DMV Announces License Plate Design Contest for Virginia Students

The Virginia Department of Motor Vehicles (DMV) invites Virginia high school students to enter a new license plate design contest. The "Take Action Against Distraction" License Plate Design Contest begins November 1 and is open to all Virginia high school students (grades 9-12). [Read the article at nbc29.com.](#)

Auto Insurance Companies Say It's Unclear Whether New Gender Law Will Affect Rates (California)

As people are given more freedom to choose their gender identity in California, it remains to be seen how auto insurance companies could charge groups of people. Large auto insurance companies in the state and policy experts say it's unclear how rates could be set for people who don't identify as female or male. Driver licenses that reflect the nonbinary option will begin in 2019. [Read the article at wlt.com.](#)

California Attorney General Asks Judge to Reinstate DACA Program Until Final Court Ruling

Local and state officials who filed a lawsuit against the Trump Administration for ending the Deferred Action for Childhood Arrivals program asked a federal judge on Wednesday to reinstate the program until there's a final court ruling on the lawsuit. ... One quarter of DACA recipients nationwide live in California. [Read the article at mercurynews.com.](#)

GM Settles California County Recall Case for \$13.9 Million

General Motors Co agreed to a \$13.9 million settlement with Orange County, California after prosecutors accused the Detroit automaker of intentionally concealing serious safety defects including those involving faulty ignition switches tied to nearly 400 deaths and injuries, the company said on Sunday. [Read the article at reuters.com.](#)

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

Maryland drivers will soon receive notice of open recalls on their vehicles when it is time to renew their registrations under a program announced Friday by the U.S. Department of Transportation. [Read the article at baltimoresun.com.](#)

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

Alabama DOT, University Partnership to Pave the Way for AVs

The next evolution of driving is coming to Tuscaloosa, Ala. In a partnership with the Alabama Department of Transportation, the University of Alabama is funding the installation of technology that will, ultimately, pave the way for automated driving. [Read the article at govtech.com.](#)

Driver's Licenses With Fresh New Look Arrive in South Florida

Florida's new revamped driver's license has arrived in South Florida. Service centers in Broward, Palm Beach and Miami-Dade counties are now issuing the updated ID card to people who renew or change their license in person, said Alexis Bakofsky, a spokeswoman for the Florida Department of Highway Safety and Motor Vehicles. The new license and ID cards, which have more security features, will be harder to counterfeit or fake, she said. [Read the article at sun-sentinel.com.](#)

New Oklahoma Plates Honor POWs and MIAs

There's a new specialty license plate that's now available to order in Oklahoma with the words "You Are Not Forgotten" at the bottom. The new plates were made to raise awareness for and honor veterans who endured being prisoners of war, or were missing in action for a time. Like any other specialty plate, they cost \$38. However, \$20 of that amount will be directed to the Oklahoma Department of Veteran Affairs. [Read the article at kten.com.](#)

Select Driver's License Offices to Open Saturday to Issue Election IDs (Texas)

Select driver's license offices will be opening throughout Texas on Saturday – including in Travis, Williamson and Bell counties – to issue election identification certificates. People can also obtain the election IDs at any driver's license office during regular business hours. [Read the article at statesman.com.](#)

Classic License Plate Will Soon Return to Texas Vehicles

Texas license plate manufacturer My Plates is bringing back one of the state's most popular general-issue license plate designs. Up until a few years ago, the design featuring the space shuttle and the cowboy was commonplace on Texas

plates. The plate was introduced in 2000 and replaced in 2009 after more than 31.5 million had been issued. [Read the article at nbcdfw.com.](#)

DMV Announces License Plate Design Contest for Virginia Students

The Virginia Department of Motor Vehicles (DMV) invites Virginia high school students to enter a new license plate design contest. The "Take Action Against Distraction" License Plate Design Contest begins November 1 and is open to all Virginia high school students (grades 9-12). [Read the article at nbc29.com.](#)

GM Settles California County Recall Case for \$13.9 Million

General Motors Co agreed to a \$13.9 million settlement with Orange County, California after prosecutors accused the Detroit automaker of intentionally concealing serious safety defects including those involving faulty ignition switches tied to nearly 400 deaths and injuries, the company said on Sunday. [Read the article at reuters.com.](#)

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

Maryland drivers will soon receive notice of open recalls on their vehicles when it is time to renew their registrations under a program announced Friday by the U.S. Department of Transportation. [Read the article at baltimoresun.com.](#)

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

OUR EVENTS

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

OUR EVENTS

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrible Ontario Highway Crash Prompts Calls for More Safety Measures

A horrible and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

<http://images.magnetmail.net/images/clients/AAMVA/RegionalNews/2017/11032017-2017AwardWinners.jpg>

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps

Up http://www.mmsend35.com/link.cfm?r=ojpXA71tKFcJiAX6d1hj-w~~&pe=T6bowtbebWkHVziwCI5sGjYSyvA4g_Qnr9MK4cMht6QADqf5HzmoRt4PLD3yoWUTZm11hA0V-S98TSVsSQqURw~~&t=INSERT_TRACKING_ENCID

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their

activities and challenges. [Presentations are available](#) for download. Photos from the Information Exchange are available on the [AAMVA Flickr Page](#).

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

Maryland drivers will soon receive notice of open recalls on their vehicles when it is time to renew their registrations under a program announced Friday by the U.S. Department of Transportation. [Read the article at baltimoresun.com.](#)

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire and twisted metal that one police officer described as "armageddon." [Read more at cbc.ca.](#)

Uber Testing Autonomous Cars in Toronto (Ontario)

Two autonomous Uber cars that have been on Toronto's streets since August are now periodically

driving themselves, Uber said Friday. The ride-sharing group said that there is always a driver behind the wheel and the operation switches from manual to autonomous mode as they see fit. [Read the article at thestar.com.](#)

Legislation Would End License Suspensions for Some Non-Driving Convictions (Pennsylvania)

People convicted of drug possession, theft and a few other non-driving crimes would no longer face a suspension of their driver's license under legislation introduced in the state House of Representatives. [Read the article at abc27.com.](#)

Uber Testing Self-Driving Semi Truck at Pittsburgh Test Track (Pennsylvania)

Uber is testing a self-driving semi truck at its test track in Hazelwood, the company confirmed. [Read the article at triblive.com.](#)

Alabama DOT, University Partnership to Pave the Way for AVs

The next evolution of driving is coming to Tuscaloosa, Ala. In a partnership with the Alabama Department of Transportation, the University of Alabama is funding the installation of technology that will, ultimately, pave the way for automated driving. [Read the article at govtech.com.](#)

Driver's Licenses With Fresh New Look Arrive in South Florida

Florida's new revamped driver's license has arrived in South Florida. Service centers in Broward, Palm Beach and Miami-Dade counties are now issuing the updated ID card to people who renew or change their license in person, said Alexis Bakofsky, a spokeswoman for the Florida Department of Highway Safety and Motor Vehicles. The new license and ID cards, which have more security features, will be harder to counterfeit or fake, she said. [Read the article at sun-sentinel.com.](#)

New Oklahoma Plates Honor POWs and MIAs

There's a new specialty license plate that's now available to order in Oklahoma with the words "You Are Not Forgotten" at the bottom. The new plates were made to raise awareness for and honor veterans who endured being prisoners of war, or were missing in action for a time. Like any other specialty plate, they cost \$38. However, \$20 of that amount will be directed to the Oklahoma Department of Veteran Affairs. [Read the article at kten.com.](#)

Select Driver's License Offices to Open Saturday to Issue Election IDs (Texas)

Select driver's license offices will be opening throughout Texas on Saturday – including in Travis, Williamson and Bell counties – to issue election identification certificates. People can also obtain the election IDs at any driver's license office during regular business hours. [Read the article at statesman.com.](#)

Classic License Plate Will Soon Return to Texas Vehicles

Texas license plate manufacturer My Plates is bringing back one of the state's most popular general-issue license plate designs. Up until a few years ago, the design featuring the space shuttle and the cowboy was commonplace on Texas plates. The plate was introduced in 2000 and replaced in 2009 after more than 31.5 million had been issued. [Read the article at nbcdfw.com.](#)

DMV Announces License Plate Design Contest for Virginia Students

The Virginia Department of Motor Vehicles (DMV) invites Virginia high school students to enter a new license plate design contest. The "Take Action Against Distraction" License Plate Design Contest

begins November 1 and is open to all Virginia high school students (grades 9-12). [Read the article at nbc29.com.](#)

Legalized Pot Expected to Have 'Significant Impact' On Police Work (British Columbia)

Legalizing marijuana will dramatically increase the workload for police forces across the country, says Victoria Police Chief Del Manak. [Read the article at timescolonist.com.](#)

Auto Insurance Companies Say It's Unclear Whether New Gender Law Will Affect Rates (California)

As people are given more freedom to choose their gender identity in California, it remains to be seen how auto insurance companies could charge groups of people. Large auto insurance companies in the state and policy experts say it's unclear how rates could be set for people who don't identify as female or male. Driver licenses that reflect the nonbinary option will begin in 2019. [Read the article at wltv.com.](#)

California Attorney General Asks Judge to Reinstate DACA Program Until Final Court Ruling

Local and state officials who filed a lawsuit against the Trump Administration for ending the Deferred Action for Childhood Arrivals program asked a federal judge on Wednesday to reinstate the program until there's a final court ruling on the lawsuit. ... One quarter of DACA recipients nationwide live in California. [Read the article at mercurynews.com.](#)

GM Settles California County Recall Case for \$13.9 Million

General Motors Co agreed to a \$13.9 million settlement with Orange County, California after prosecutors accused the Detroit automaker of intentionally concealing serious safety defects

including those involving faulty ignition switches tied to nearly 400 deaths and injuries, the company said on Sunday. [Read the article at reuters.com.](#)

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

U.S. Safety Board Blames Deadly California Bus Crash on Two Sleepy Drivers

A federal safety board on Tuesday blamed a deadly 2016 bus crash in California on two sleepy drivers and criticized the Trump administration for dropping a proposal requiring commercial drivers to be screened for sleep apnea. [Read the article at usnews.com.](#)

Why It's Hard To Crack Down On Drowsy Driving

Drowsy driving could be involved in hundreds of thousands of crashes a year, but states have been slow to step up enforcement or offer police training to detect when a driver hasn't gotten enough sleep. [Read the article at huffingtonpost.com.](#)

Regulators Move to Rewrite Rules for Self-Driving Cars

The National Highway Traffic Safety Administration is considering eliminating regulations that currently block self-driving vehicles designed without steering wheels, brake pedals or other driver controls from hitting the road. [Read the article at bloomberg.com.](#)

Industry Faces Long Haul to Legalize Self-Driving Semis

Trucking companies are not giving up the fight to put self-driving semis and delivery trucks on U.S. highways. Advocates for the trucking industry are pushing back on proposed legislation that largely removes restrictions from operation of autonomous passenger cars but does not do the same for commercial trucks. They say innovation will be stifled at a time of rapid advances. [Read the article at detroitnews.com.](#)

Digital Driver's License Pilots Target Accessibility, Security

Four states are testing new features on a mobile technology that could someday replace traditional identification cards. After the announcement of a digital driver's license (DDL) pilot program last year, Colorado, Idaho, Maryland, Wyoming, and Washington, D.C., are fleshing out new features to the apps to make them more accessible and secure. [Read the article at statescoop.com](http://statescoop.com).

Mobile ID 101: Establishing Rules of the Road for Mobile Driver's Licenses and IDs

Are you ready to go digital, adopting mobile ID and mobile driver's licenses (mDL)?

In this four-part podcast series, experts at trusted provider of secure identities, HID Global, help us explore how different our lives could be if the documents that enable us to legally drive, fish, carry a gun, attend a university or conduct a variety of other privileges were available electronically on our mobile devices. [Read more at secureidnews.com](http://secureidnews.com).

Federal Highway Administration Appoints Motorcyclist Advisory Council

The Federal Highway Administration has appointed 10 members to the Motorcyclist Advisory Council, which will advise the agency director on infrastructure issues affecting motorcycle riders. Mike Sayre, AMA government relations manager for on-highway issues, has been named chair of the council.

OUR EVENTS

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the AAMVA Awards Program online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

Alabama DOT, University Partnership to Pave the Way for AVs

The next evolution of driving is coming to Tuscaloosa, Ala. In a partnership with the Alabama Department of Transportation, the University of Alabama is funding the installation of technology that will, ultimately, pave the way for automated driving. [Read the article at govtech.com.](#)

Driver's Licenses With Fresh New Look Arrive in South Florida

Florida's new revamped driver's license has arrived in South Florida. Service centers in Broward, Palm Beach and Miami-Dade counties are now issuing the updated ID card to people who renew or change their license in person, said Alexis Bakofsky, a spokeswoman for the Florida Department of Highway Safety and Motor Vehicles. The new license and ID cards, which have more security features, will be harder to counterfeit or fake, she said. [Read the article at sun-sentinel.com.](#)

New Oklahoma Plates Honor POWs and MIAs

There's a new specialty license plate that's now available to order in Oklahoma with the words "You Are Not Forgotten" at the bottom. The new plates were made to raise awareness for and honor veterans who endured being prisoners of war, or were missing in action for a time. Like any other specialty plate, they cost \$38. However, \$20 of that amount will be directed to the Oklahoma Department of Veteran Affairs. [Read the article at kten.com.](#)

Select Driver's License Offices to Open Saturday to Issue Election IDs (Texas)

Select driver's license offices will be opening throughout Texas on Saturday – including in Travis, Williamson and Bell counties – to issue election identification certificates. People can also obtain the election IDs at any driver's license office during regular business hours. [Read the article at statesman.com.](#)

Classic License Plate Will Soon Return to Texas Vehicles

Texas license plate manufacturer My Plates is bringing back one of the state's most popular general-issue license plate designs. Up until a few years ago, the design featuring the space shuttle and the cowboy was commonplace on Texas

plates. The plate was introduced in 2000 and replaced in 2009 after more than 31.5 million had been issued. [Read the article at nbcdfw.com.](#)

DMV Announces License Plate Design Contest for Virginia Students

The Virginia Department of Motor Vehicles (DMV) invites Virginia high school students to enter a new license plate design contest. The "Take Action Against Distraction" License Plate Design Contest begins November 1 and is open to all Virginia high school students (grades 9-12). [Read the article at nbc29.com.](#)

Auto Insurance Companies Say It's Unclear Whether New Gender Law Will Affect Rates (California)

As people are given more freedom to choose their gender identity in California, it remains to be seen how auto insurance companies could charge groups of people. Large auto insurance companies in the state and policy experts say it's unclear how rates could be set for people who don't identify as female or male. Driver licenses that reflect the nonbinary option will begin in 2019. [Read the article at wlt.com.](#)

California Attorney General Asks Judge to Reinstate DACA Program Until Final Court Ruling

Local and state officials who filed a lawsuit against the Trump Administration for ending the Deferred Action for Childhood Arrivals program asked a federal judge on Wednesday to reinstate the program until there's a final court ruling on the lawsuit. ... One quarter of DACA recipients nationwide live in California. [Read the article at mercurynews.com.](#)

GM Settles California County Recall Case for \$13.9 Million

General Motors Co agreed to a \$13.9 million settlement with Orange County, California after prosecutors accused the Detroit automaker of intentionally concealing serious safety defects including those involving faulty ignition switches tied to nearly 400 deaths and injuries, the company said on Sunday. [Read the article at reuters.com.](#)

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

U.S. Safety Board Blames Deadly California Bus Crash on Two Sleepy Drivers

A federal safety board on Tuesday blamed a deadly 2016 bus crash in California on two sleepy drivers and criticized the Trump administration for dropping a proposal requiring commercial drivers to be screened for sleep apnea. [Read the article at usnews.com.](#)

Why It's Hard To Crack Down On Drowsy Driving

Drowsy driving could be involved in hundreds of thousands of crashes a year, but states have been slow to step up enforcement or offer police training to detect when a driver hasn't gotten enough sleep. [Read the article at huffingtonpost.com.](#)

Regulators Move to Rewrite Rules for Self-Driving Cars

The National Highway Traffic Safety Administration is considering eliminating regulations that currently block self-driving vehicles designed without steering wheels, brake pedals or other driver controls from hitting the road. [Read the article at bloomberg.com.](#)

Industry Faces Long Haul to Legalize Self-Driving Semis

Trucking companies are not giving up the fight to put self-driving semis and delivery trucks on U.S. highways. Advocates for the trucking industry are pushing back on proposed legislation that largely removes restrictions from operation of autonomous passenger cars but does not do the same for commercial trucks. They say innovation will be stifled at a time of rapid advances. [Read the article at detroitnews.com.](#)

Digital Driver's License Pilots Target Accessibility, Security

Four states are testing new features on a mobile technology that could someday replace traditional identification cards. After the announcement of a digital driver's license (DDL) pilot program last year, Colorado, Idaho, Maryland, Wyoming, and Washington, D.C., are fleshing out new features to the apps to make them more accessible and secure. [Read the article at statescoop.com.](#)

Mobile ID 101: Establishing Rules of the Road for Mobile Driver's Licenses and IDs

Are you ready to go digital, adopting mobile ID and mobile driver's licenses (mDL)? In this four-part podcast series, experts at trusted provider of secure identities, HID Global, help us explore how different our lives could be if the documents that enable us to legally drive, fish, carry a gun, attend a university or conduct a variety of other privileges were available electronically on our mobile devices. 2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com](#).

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

OUR EVENTS

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

OUR EVENTS

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

Driver's Licenses With Fresh New Look Arrive in South Florida

Florida's new revamped driver's license has arrived in South Florida. Service centers in Broward, Palm Beach and Miami-Dade counties are now issuing the updated ID card to people who renew or change their license in person, said Alexis Bakofsky, a spokeswoman for the Florida Department of Highway Safety and Motor Vehicles. The new license and ID cards, which have more security features, will be harder to counterfeit or fake, she said. [Read the article at sun-sentinel.com.](#)

New Oklahoma Plates Honor POWs and MIAs

There's a new specialty license plate that's now available to order in Oklahoma with the words "You Are Not Forgotten" at the bottom. The new plates were made to raise awareness for and honor veterans who endured being prisoners of war, or were missing in action for a time. Like any other specialty plate, they cost \$38. However, \$20 of that amount will be directed to the Oklahoma Department of Veteran Affairs. [Read the article at kten.com.](#)

Select Driver's License Offices to Open Saturday to Issue Election IDs (Texas)

Select driver's license offices will be opening throughout Texas on Saturday – including in Travis, Williamson and Bell counties – to issue election identification certificates. People can also obtain the election IDs at any driver's license office during regular business hours. [Read the article at statesman.com.](#)

Classic License Plate Will Soon Return to Texas Vehicles

Texas license plate manufacturer My Plates is bringing back one of the state's most popular general-issue license plate designs. Up until a few years ago, the design featuring the space shuttle and the cowboy was commonplace on Texas

plates. The plate was introduced in 2000 and replaced in 2009 after more than 31.5 million had been issued. [Read the article at nbcdfw.com.](#)

OUR EVENTS

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

Alabama DOT, University Partnership to Pave the Way for AVs

The next evolution of driving is coming to Tuscaloosa, Ala. In a partnership with the Alabama Department of Transportation, the University of Alabama is funding the installation of technology that will, ultimately, pave the way for automated driving. [Read the article at govtech.com.](#)

Driver's Licenses With Fresh New Look Arrive in South Florida

Florida's new revamped driver's license has arrived in South Florida. Service centers in Broward, Palm Beach and Miami-Dade counties are now issuing the updated ID card to people who renew or change their license in person, said Alexis Bakofsky, a spokeswoman for the Florida Department of Highway Safety and Motor Vehicles. The new license and ID cards, which have more security features, will be harder to counterfeit or fake, she said. [Read the article at sun-sentinel.com.](#)

New Oklahoma Plates Honor POWs and MIAs

There's a new specialty license plate that's now available to order in Oklahoma with the words "You Are Not Forgotten" at the bottom. The new plates were made to raise awareness for and honor veterans who endured being prisoners of war, or were missing in action for a time. Like any other specialty plate, they cost \$38. However, \$20 of that amount will be directed to the Oklahoma Department of Veteran Affairs. [Read the article at kten.com.](#)

Select Driver's License Offices to Open Saturday to Issue Election IDs (Texas)

Select driver's license offices will be opening throughout Texas on Saturday – including in Travis, Williamson and Bell counties – to issue election identification certificates. People can also obtain the election IDs at any driver's license office during regular business hours. [Read the article at statesman.com.](#)

Classic License Plate Will Soon Return to Texas Vehicles

Texas license plate manufacturer My Plates is bringing back one of the state's most popular general-issue license plate designs. Up until a few years ago, the design featuring the space shuttle and the cowboy was commonplace on Texas

plates. The plate was introduced in 2000 and replaced in 2009 after more than 31.5 million had been issued. [Read the article at nbcdfw.com.](#)

DMV Announces License Plate Design Contest for Virginia Students

The Virginia Department of Motor Vehicles (DMV) invites Virginia high school students to enter a new license plate design contest. The "Take Action Against Distraction" License Plate Design Contest begins November 1 and is open to all Virginia high school students (grades 9-12). [Read the article at nbc29.com.](#)

Auto Insurance Companies Say It's Unclear Whether New Gender Law Will Affect Rates (California)

As people are given more freedom to choose their gender identity in California, it remains to be seen how auto insurance companies could charge groups of people. Large auto insurance companies in the state and policy experts say it's unclear how rates could be set for people who don't identify as female or male. Driver licenses that reflect the nonbinary option will begin in 2019. [Read the article at wlt.com.](#)

California Attorney General Asks Judge to Reinstate DACA Program Until Final Court Ruling

Local and state officials who filed a lawsuit against the Trump Administration for ending the Deferred Action for Childhood Arrivals program asked a federal judge on Wednesday to reinstate the program until there's a final court ruling on the lawsuit. ... One quarter of DACA recipients nationwide live in California. [Read the article at mercurynews.com.](#)

GM Settles California County Recall Case for \$13.9 Million

General Motors Co agreed to a \$13.9 million settlement with Orange County, California after prosecutors accused the Detroit automaker of intentionally concealing serious safety defects including those involving faulty ignition switches tied to nearly 400 deaths and injuries, the company said on Sunday. [Read the article at reuters.com.](#)

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

OUR EVENTS

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. 2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

OUR EVENTS

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

Alabama DOT, University Partnership to Pave the Way for AVs

The next evolution of driving is coming to Tuscaloosa, Ala. In a partnership with the Alabama Department of Transportation, the University of Alabama is funding the installation of technology that will, ultimately, pave the way for automated driving. [Read the article at govtech.com.](#)

Driver's Licenses With Fresh New Look Arrive in South Florida

Florida's new revamped driver's license has arrived in South Florida. Service centers in Broward, Palm Beach and Miami-Dade counties are now issuing the updated ID card to people who renew or change their license in person, said Alexis Bakofsky, a spokeswoman for the Florida Department of Highway Safety and Motor Vehicles. The new license and ID cards, which have more security features, will be harder to counterfeit or fake, she said. [Read the article at sun-sentinel.com.](#)

New Oklahoma Plates Honor POWs and MIAs

There's a new specialty license plate that's now available to order in Oklahoma with the words "You Are Not Forgotten" at the bottom. The new plates were made to raise awareness for and honor veterans who endured being prisoners of war, or were missing in action for a time. Like any other specialty plate, they cost \$38. However, \$20 of that amount will be directed to the Oklahoma Department of Veteran Affairs. [Read the article at kten.com.](#)

Select Driver's License Offices to Open Saturday to Issue Election IDs (Texas)

Select driver's license offices will be opening throughout Texas on Saturday – including in Travis, Williamson and Bell counties – to issue election identification certificates. People can also obtain the election IDs at any driver's license office during regular business hours. [Read the article at statesman.com.](#)

Classic License Plate Will Soon Return to Texas Vehicles

Texas license plate manufacturer My Plates is bringing back one of the state's most popular general-issue license plate designs. Up until a few years ago, the design featuring the space shuttle and the cowboy was commonplace on Texas

plates. The plate was introduced in 2000 and replaced in 2009 after more than 31.5 million had been issued. [Read the article at nbcdfw.com.](#)

DMV Announces License Plate Design Contest for Virginia Students

The Virginia Department of Motor Vehicles (DMV) invites Virginia high school students to enter a new license plate design contest. The "Take Action Against Distraction" License Plate Design Contest begins November 1 and is open to all Virginia high school students (grades 9-12). [Read the article at nbc29.com.](#)

Auto Insurance Companies Say It's Unclear Whether New Gender Law Will Affect Rates (California)

As people are given more freedom to choose their gender identity in California, it remains to be seen how auto insurance companies could charge groups of people. Large auto insurance companies in the state and policy experts say it's unclear how rates could be set for people who don't identify as female or male. Driver licenses that reflect the nonbinary option will begin in 2019. [Read the article at wlt.com.](#)

California Attorney General Asks Judge to Reinstate DACA Program Until Final Court Ruling

Local and state officials who filed a lawsuit against the Trump Administration for ending the Deferred Action for Childhood Arrivals program asked a federal judge on Wednesday to reinstate the program until there's a final court ruling on the lawsuit. ... One quarter of DACA recipients nationwide live in California. [Read the article at mercurynews.com.](#)

GM Settles California County Recall Case for \$13.9 Million

General Motors Co agreed to a \$13.9 million settlement with Orange County, California after prosecutors accused the Detroit automaker of intentionally concealing serious safety defects including those involving faulty ignition switches tied to nearly 400 deaths and injuries, the company said on Sunday. [Read the article at reuters.com.](#)

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

REGION 1 NEWS

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

Maryland Drivers to Receive Notice of Open Recalls When They Register Vehicles

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

GM Settles California County Recall Case for \$13.9 Million

General Motors Co agreed to a \$13.9 million settlement with Orange County, California after prosecutors accused the Detroit automaker of intentionally concealing serious safety defects including those involving faulty ignition switches tied to nearly 400 deaths and injuries, the company said on Sunday. [Read the article at reuters.com.](#)

California's Gas Tax is Going Up Nov. 1 – Even If You Don't Notice Right Away

The day after Halloween, an unpopular force lurking in gas pumps will start siphoning more money from Californians' wallets. It's not the plot from a horror movie. It's a 12-cents per gallon increase in the state's base gasoline-excise tax that takes effect Wednesday, Nov. 1. ... But wait. There's a sequel. Starting next year, a new fee ranging from \$25 to \$175 based on a vehicle's worth will be added to the cost of vehicle registration, with zero-emission vehicles subject to a \$100 annual fee starting in July 2020. It's all designed to raise \$5.2 billion a year for the next 10 years to fix ailing roads, build new highways and fund other transportation improvements throughout the state. [Read the article at ocregister.com.](#)

REAL ID? Not For A While Yet. (Montana)

Montana caught a break last week regarding the state's implementation of the 2005 Real ID Act. The Department of Homeland Security granted the state a year-long extension to comply with the federal law, meaning residents can still board domestic flights with a Montana driver's license until early 2019. But with 12 years now separating us from the law's initial passage, the obvious question is: What's the holdup? [Read the article at missoulanews.com.](#)

Wait for It: More Clarification On Real ID (New Mexico)

THOSE NAMES HAVE TO MATCH FOR REAL ID: J. Brent Ricks says in an email that "I am told that my original Social Security card, from 1963, with J. Brent Ricks as my name – (and) my SSA 1099 in the name of J.B. Ricks – is not equal to my passport, which is John Brent Ricks, and thus I need to change one or the other to get this Real ID. "This is way too much bureaucracy; I'm not trying to defraud anyone; I would just like to renew my driver's license. Is that possible, DMV?" Only if your name is the same on all your documents. And it's this way in every state in the union, courtesy of Congress and Homeland Security. [Read the article at abqjournal.com.](#)

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

OUR EVENTS

Congratulations to all the 2017 Award Winners! 2018 Submissions Will Soon Be Accepted

AAMVA received numerous outstanding award submissions in each category and through a rigorous judging process selected those that are exemplary. Awards were presented at our Regional Conferences, and at AAMVA's Annual International Conference in San Francisco. Please join us in congratulating this year's winners! Also, don't forget that **submissions for the 2018 Awards Program will soon be accepted**. The deadline for all submissions (including the Martha Irwin Award nominations) will be **December 22, 2017**. Visit the [AAMVA Awards Program](#) online for a complete listing of all 2017 award winners.

Region III Information Exchange Wraps Up

The [2017 Region III Information Exchange](#) wrapped up last next week in Oak Brook, Illinois with the highest number of attendees ever - 197 total! DMV and law enforcement attendees from across the Region gathered to discuss hot topics such as autonomous vehicles, mDL, fighting fraud, auditing and interfaces and much more. Industry attendees connected with motor vehicle representatives, while law enforcement attendees in Region III received an AAMVA update on all things law enforcement. Networking opportunities were well-attended and enjoyed by all. Regional awards were presented and jurisdictional representatives had the time for an extended roundtable to discuss their activities and challenges.

No More Parking Fees At Parks In Connecticut — But DMV Will Cost \$10 More (Connecticut)

The good news: Starting on Jan. 1, it will be free for Connecticut residents to park at all state parks, including at the beaches at Sherwood Island and Squantz Pond. The bad news: Residents will pay a new \$10 flat tax every two years when renewing their motor vehicle registrations with the DMV in Connecticut. [Read the article at westport.dailyvoice.com.](#)

Delaware DMV Announces Five-Digit Tag Release Day Will Be Nov. 7

On Nov. 7, the Delaware Department of Motor Vehicles will hold seasonal release of available five-digit license plates. On that day, a limited number of five-digit license plates will be made available to the public at the Delaware City, Dover, Wilmington, and Georgetown DMV locations on a first-come, first-serve basis. Low-number plates are a status symbol of sorts in Delaware, with the lowest numbers selling in the six figures. [Read the article at delawarebusinessnow.com.](#)

Maryland Takes Digital Driver's Licenses for a Spin

Officials at the Maryland Department of Transportation learned two things since opting into a pilot test of digital driver's licenses: The licenses are more secure than plastic cards, and people really like the idea. [Read the article at gcn.com.](#)

New York DMV Begins Issuing REAL IDs

The New York DMV is beginning to issue REAL ID driver's licenses on Monday. According to the DMV, on October 1, 2020, the federal government will require your driver's license, permit or ID card to be REAL ID compliant in order to board domestic flights, enter military bases and enter certain federal facilities. [Read the article at news10.com.](#)

New York State License Plates Starting With 'F' Are Peeling

If you have one of the newer, yellow, New York State license plates and it begins with the letter 'F' you may have a peeling problem. There are a number of things that can cause damage or wear on your plates, but the problem with the 'F' plates is very specific. There was a similar problem a couple years ago with the old white New York plates that began with the letter 'E.' As with anything that is man-made or manufactured, unintentional errors can occur. That is why the New York State DMV is offering to replace those impacted plates for no charge. [Read the article at wibx950.com.](#)

Horrific Ontario Highway Crash Prompts Calls for More Safety Measures

A horrific and deadly accident on an Ontario highway on Tuesday night is prompting calls for a coroner's inquest and for more action against distracted driving. The crash north of Toronto on Highway 400 — which involved multiple cars and two fully loaded fuel trucks — claimed three lives and left a scene of fire

2017 MARTHA IRWIN AWARD FOR LIFETIME ACHIEVEMENT IN HIGHWAY SAFETY - MOTOR VEHICLE ADMINISTRATION WINNER

Fred Zwonechek, Nebraska Department of Motor Vehicles

Fred Zwonechek's career with the Nebraska Office of Highway Safety spans 43 years. He started in 1974 and in 1981 he was named Highway Safety Administrator, the position he currently holds. The Nebraska Office of Highway Safety is the hub for coordinating highway safety efforts in Nebraska. Zwonechek has been instrumental in constructing the state highway safety plans which focus on four primary areas: education, enforcement, engineering, and the emergency medical system. Over his more than four decades of service, Zwonechek has instituted and championed many programs. Individually, each of these safety initiatives has produced positive outcomes. However, the combined efforts have generated significant results. During his tenure as Director, Nebraska's total crashes have decreased 24%, alcohol-related fatalities have decreased 73%, seat belt usage has increased 54%, and motorcycle fatalities have decreased 54%. These numbers represent hundreds of lives saved. Zwonechek has not only spent his professional career devoted to making the highways in Nebraska and around the country safer for everyone, it is his personal passion. He could have retired long ago. However, just talking to him for a few minutes the message is loud and clear: he still has more lives to save.

Congrats Fred Zwonechek, Motor Vehicle Administrator @NebraskaDOT, winner of @AAMVACconnection 2017 Martha Irwin Lifetime Achievement Award!

Subject: HOTEL CONFIRMATION - November S2S Governance Committee Meeting

Dear Marla:

Thank you for registering for the 2017 November State to State Governance Committee Meeting. We are looking forward to seeing you.

We have made reservations for you at the Crowne Plaza Northstar Hotel, 618 Second Avenue South, Minneapolis, MN 55402. Your hotel **confirmation number is 2041690** with **check in on 11/08/2017** and **check out on 11/09/2017**. If you have any questions or changes, please contact Marion Johnson by email at mjohnson@aamva.org or phone at 703.908.2827. **Please do NOT contact the hotel directly.**

If you are a member of a hotel loyalty program, please let the hotel know upon check-in. Loyalty programs often entitle you to hotel points or other amenities. Please note that some hotels will not credit you with points if your room is on the hotel master account. If you prefer to ensure point accumulation by paying for your lodging directly and then getting reimbursed by AAMVA (as opposed to having AAMVA pay the hotel directly), please request that change at the time of check-in and let me know.

Again, we are looking forward to seeing you.

Verizon Maintenance Notification

Dear Verizon Customer,

I'd like to take this opportunity to thank you for being a Verizon Customer, and to update you on maintenance work that will be carried out on the Verizon network. Verizon will be performing maintenance activities, utilizing proven methods, in a manner to ensure the best performance for your connection. The maintenance window is from Nov 9 2017 00:00 AST - Nov 9 2017 05:00 AST , however my team has planned for your expected circuit downtime within this window to be 30 Minute(s). Below you will find more detailed information as it relates to the impact to your environment.

If you have questions regarding this maintenance event, please contact Verizon's Global Event Management Center at email GEMC@VERIZON.COM.

For those customers with a defined Account Team or Technical Service Manager, please refer all circuit based questions to your Verizon Account Representative.

I appreciate your cooperation and understanding in this matter. Verizon's goal is to provide you with

exceptional service every day, in every interaction. Thank you once again for your business, and your partnership.

Regards,
Kent Kildow
Director of Business Continuity & Event Management

NOTE: If your circuit remains down after the maintenance window has passed, please follow your defined Verizon Repair Center process for investigation.

Customer Contact ID: 221039

Maintenance Date/Time (Local): **Nov 9 2017 00:00 AST - Nov 9 2017 05:00 AST**

Subject: RE: Follow up on CDLIS Documents

Hi all!

Sorry it took me a while to get to this....going live with a completely new system in a few weeks is pretty much consuming my life...

I wanted to reply to Andy's reply, because while I understand and am not a fan of the "should" within a specification document, in this case I would advocate for leaving it in there. OBXtec may very well see it as an expectation, but IMO that is the tail wagging the dog. Here is why I think it "should" (there it is again) be a suggestion and not an expectation:

1. This is not something that is FMCSA required, and is better classified as a best practice.
2. We "should" be receiving an error message back if it didn't work.
3. Some states may be sending the HA's in an automated fashion – I know we are working on that. Adding a required SG to be performed after an automated HA message creates a potentially significant required programming change for something that really should be listed as a best practice.
4. If we say "must" we will need to include a time frame. Within an hour? 24 hours? 10 days? Other???
5. If we add it to the SPM, AAMVA will begin reporting missing SGs as an error to FMCSA – even though it is NOT required by FMCSA.

However, I do agree that we should have the Mexican CDLholder convictions section consistent with the Canada CDLholder convictions.

Moving on, I noticed that under convictions there was what seemed to me to be a random section on withdrawals. If we are truly splitting these out like this, would we not want to instead add a reference to the withdrawals section rather than have a small snippet of withdrawal information here?

Last, on the "State Pointer Exchange Services" document – just a question. Is the point of this to combine master specs for SPEXS and CDLIS?

Cc: Plummer, Ed <EPlummer@aamva.org>
Subject: RE: Follow up on CDLIS Documents

Hi Madhu!

I haven't taken as much time to look at this as I would like but as far as format I am liking it.

I did run into one of the concerns I have expressed previously. The use of the word 'should' in something that is procedural.

The section '1.4.1.2 Driver Holds Foreign License' holds an example.

Canadian License Holders

After conviction for a Canadian license holder the state **should** initiate a CDLIS CD03 status request details they have for the driver. The SOC **should** ensure that the correct Canadian province is identified. If the driver's record is not successfully identified during the validation the SOC should contact the Canadian province to address the issue. Once the SOC is able to locate the correct DHR they should send the conviction using CDLIS CD11 to the Central Site, which will deliver the conviction to the FCWD.

Notice the use of the word should? That would indicate that I don't have to do it. As an example, when I was young if Mom said, "Andy you should take the trash out" guess where that trash was the next day? I promise on the second day Mom used a more convincing terminology. "Andy, take the trash out" (and some very convincing voice inflection) which meant I was absolutely taking the trash out. ☺

If we really have the expectation (and after a few go rounds with OBXtek I know that is an expectation...) that the SG is going to be sent to verify the driver and that the conviction should not be sent when the verification can't be made, then the word 'should' needs to be removed.

Now the argument could be made that not every jurisdiction has the ability to send the SG to Canadian provinces so that is why the word 'should' is used. I get that but want to bring up two things.

The first is a question. If we are waiting for all states to have the ability to send the SG to Canada, when is the right time to remove the 'should'? My argument would be to just do it now during the rewrite so it doesn't get looked over later. Making the assumption that not all jurisdictions will be capable of sending the SG to Canada when the new SPM is printed, the worst case scenario is that they aren't doing it. Since this transaction isn't state to state, we won't have arguments between states on how to do this. Since AAMVA has heavy influence on OBXtek and the Canadian interaction, they can probably, for lack of a better term, accept that not all states will comply immediately, but at least since it is in the SPM it will encourage those that don't have the ability to move forward and incorporate the change.

The second is that when I look at the similar section for Mexican License Holders, it doesn't even refer to doing the SG prior to CD11. I know from recent experience that if we don't do the status check to verify the license before sending CD11 and the HA goes without a match we get it back for an error. So that same process talked about for the Canadian License Holders exists for the Mexican License Holders and you wouldn't know it the way it is written. And again for the Mexican License Holders I know the SG check prior to sending the HA is an expectation and therefore I would avoid the use of the word 'should'.

Look at that, I'm rambling again now. I'll let you consider my thoughts and hopefully they make some sense. If you prefer, Ed, you and I can discuss to set me straight or if you think I have some legitimate concerns here we can address with the PRC and whoever else is interested.

Thanks and Happy Monday,
-Andy

Good morning Madhu,

I have no problem with the new format for the CDLIS SPM. I had my staff that uses this manual frequently take a look and they agreed. One comment was mentioned regarding the conviction processing chapter. Staff was looking for the samples of the AAMVA forms for processing convictions/withdrawals by mail.

We have a new CDL programmer therefore he has no experience with the "old" format vs the new format you provided. I did provide him with a paper copy of the previous system specs. His comment was that he could work with either format. So much for that!

Have a great Friday folks!

~JoLynn

Hello PRC,

Hope everyone is having a good week!

I was reaching out to you all to see if anyone had any questions on the CDLIS SPM Prototype and CDLIS Specification Prototype documents that we discussed during our last PRC call.

It would be great if you could provide us your feedback on these document, so that we know if we are going in the right direction. We would appreciate it if you could email us your comments so that we can discuss this with the group during our next PRC call on November 7th.

CDLIS SPM Prototype Document

https://share.aamva.org/membersvc/commwg/CDLISworkgroup/Proposal%20Review%20Committee%20Meeting%20Notes/CDLIS_SPM_rewrite_conviction_prototype_20171003.docx

CDLIS Specification (CD01) Prototype Document

https://share.aamva.org/membersvc/commwg/CDLISworkgroup/Proposal%20Review%20Committee%20Meeting%20Notes/CD01_Specification_Rewrite_Prototype.docm

Thanks,
Madhu

Subject: Puerto Rico and USVI Citizen Credentials

Hello, AAMVA Region 3 and Region 4 U.S. Driver Licensing Administrators, hope you are all doing well.

The US Virgin Islands and Puerto Rico have asked the AAMVA Community to receive their relocated citizens' requests for new credentials in light of the hardships they are currently facing in the aftermath of hurricanes Irma and Maria. Some of the Territories' systems are still down, but once operational again, will be available to verify any credentials issued.

In light of concerns jurisdictions have about verifying the identification or driving safety of these credential applicants, we offer several approaches to serving US Virgin Islands or Puerto Rico license/ID card holders in the meantime (understanding that many of you may have laws in place that may not accommodate some of these solutions):

- Utilize variable expiration to issue a short term document while sorting through the verification of identity or authenticity of documents
- Issue a temporary document
- Issue a permanent credential and keep track in order to verify with USVI or PR once their systems are back on line
- Include a state only validation on the temp or short term document
- Resources available to your staff include:
 - Utilize federal resources such as DHS, USCIS (ICE), Department of State, individual state contacts, etc.
 - Ensure staff revisit the FDR training which includes document authentication, interview techniques, National Association for Public Health Statistics and Information Systems (NAPHSIS) contacts, etc.

Please note, the Director of the USVI BMV, Lawrence Olive, has indicated that any USVI BMV issued documents received that do NOT include his signature on the back, are to be considered invalid.

Our Administrator contacts in both Puerto Rico and the U.S. Virgin islands are copied on this email. Let us know if you have any questions or concerns, and we thank you for any assistance you can provide to your fellow jurisdictions.

Subject: Smoke testing with AK starting November 7

Good afternoon, Asma,

This is to confirm that we will be starting smoke testing with you tomorrow, November 7 with our gap code AK in the CERT environment.

The testers will be different – Lori McNeil will be testing SPEXS instead of Gary, and Monica Clemens will be testing PDPS instead of Lori. So, even though we have done these before, both testers are new to the specific application being tested. This means we need more than ever for you to tell us what is expected (especially if a withdrawal is expected to be added, because these are programmers who do not know the business process).

We really would like to get smoke testing done quickly. I know it's not standard, but if there is ANY way we can start testing them both tomorrow, that would be helpful. If not, then we will start with Lori doing SPEXS testing. She will start at 6am, but will need to set up the drivers in the morning, so it may be a little afterward before she's ready for the first test case. Lori, please contact Asma and let her know when Driver B is ready.

As always, please cc me on all the smoke test correspondence. Thank you all for your hard work!

Hi Mina,

We are all set to begin with the Smoke Test with AK gap code tomorrow morning.

For the question you had to start both SPEXS and PDPS tomorrow, let me run this internally, and I will let you know by morning.

Lori,

Let me know when you are ready with Driver B tomorrow, and we can begin with the test.

Thanks,
Asma

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from

an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff

from FMCSA.

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

This Week's Webinars

[NMVTIS Suspense Resolution for Online States \(AMIE Version\) - Part 2](#)

Wednesday, November 8, 2017, 2:00 - 3:00 pm (ET)

Prerequisite: NMVTIS Suspense Resolution for Online States (AMIE Version) – Part 1

NMVTIS has two third party transactions that involve updates between the central site and multiple states. Because the transactions involve multiple states and the central site, it is possible for a transaction to break down before it completes. Further activity against this title record is greatly restricted until the problem is resolved. This webinar provides instruction as to how to identify and resume suspended transactions. The intended audience for this webinar are NMVTIS Help Desk Personnel, Business Process Analyst and IT System Integrators.

JURISDICTION NEWS

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

OUR SURVEYS

Please respond to these surveys from Missouri, Texas, Florida, Virginia, and Georgia.

System Redesign (Ends 11/14/2017) Responses received from AR, CO, ID, IL, LA, ME, ND, NJ, NM, OH, PA, RI, TN, TX, VA.

Customer Satisfaction (Ends 11/15/2017) Responses received from FL, HI, ID, IL, KS, ME, ND, NH, OH, WI.

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentaffairs@aamva.org so that AAMVA may reflect those comments in their own.

Registration of Antique Vehicles

Customer Relationship Management Software (CRM)

(Ends 11/27/2017) Responses received from ID, IL, NE, SC, VA.

You can view all open surveys and responses to all surveys by visiting the [survey tool](#). Please contact [Janice Dluzynski](#) if you have any questions about using the survey tool.

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

This Week's Webinars

[NMVTIS Suspense Resolution for Online States \(AMIE Version\) - Part 2](#)

Wednesday, November 8, 2017, 2:00 - 3:00 pm (ET)

Prerequisite: NMVTIS Suspense Resolution for Online States (AMIE Version) – Part 1

NMVTIS has two third party transactions that involve updates between the central site and multiple states. Because the transactions involve multiple states and the central site, it is possible for a transaction to break down before it completes. Further activity against this title record is greatly restricted until the problem is resolved. This webinar provides instruction as to how to identify and resume suspended transactions. The intended audience for this webinar are NMVTIS Help Desk Personnel, Business Process Analyst and IT System Integrators.

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

OUR SURVEYS

Please respond to these surveys from Missouri, Texas, Florida, Virginia, and Georgia.

System Redesign (Ends 11/14/2017) Responses received from AR, CO, ID, IL, LA, ME, ND, NJ, NM, OH, PA, RI, TN, TX, VA.

Customer Satisfaction (Ends 11/15/2017) Responses received from FL, HI, ID, IL, KS, ME, ND, NH, OH, WI.

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentsaffairs@aamva.org so that AAMVA may reflect those comments in their own.

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

PARTNER NEWS

TRB Webinar: Policy and Planning Actions to Address Connected and Automated Vehicles

TRB will conduct a webinar on Wednesday, November 8, 2017, from 1:00 PM to 3:00 PM ET that features research from the [National Cooperative Highway Research Program](#) (NCHRP)'s [Research Report 845: Advancing Automated and Connected Vehicles: Policy and Planning Strategies for State and Local Transportation Agencies](#), which is accompanied by [Strategies to Advance Automated and Connected Vehicles: Briefing Document](#). This webinar will discuss the state and local policy and planning actions that can help make sure that the introduction of automated vehicles and connected vehicles will advance community and agency objectives. Some registrants will need to pay \$95 to attend this webinar. Sign into MyTRB.org to view registration information. [Read more here](#).

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from

an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff

from FMCSA.

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentaffairs@aamva.org so that AAMVA may reflect those comments in their own.

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from

an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff

from FMCSA.

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

This Week's Webinars

[NMVTIS Suspense Resolution for Online States \(AMIE Version\) - Part 2](#)

Wednesday, November 8, 2017, 2:00 - 3:00 pm (ET)

Prerequisite: NMVTIS Suspense Resolution for Online States (AMIE Version) – Part 1

NMVTIS has two third party transactions that involve updates between the central site and multiple states. Because the transactions involve multiple states and the central site, it is possible for a transaction to break down before it completes. Further activity against this title record is greatly restricted until the problem is resolved. This webinar provides instruction as to how to identify and resume suspended transactions. The intended audience for this webinar are NMVTIS Help Desk Personnel, Business Process Analyst and IT System Integrators.

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentaffairs@aamva.org so that AAMVA may reflect those comments in their own.

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from

an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff

from FMCSA.

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff from FMCSA.

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

This Week's Webinars

[NMVTIS Suspense Resolution for Online States \(AMIE Version\) - Part 2](#)

Wednesday, November 8, 2017, 2:00 - 3:00 pm (ET)

Prerequisite: NMVTIS Suspense Resolution for Online States (AMIE Version) – Part 1

NMVTIS has two third party transactions that involve updates between the central site and multiple states. Because the transactions involve multiple states and the central site, it is possible for a transaction to break down before it completes. Further activity against this title record is greatly restricted until the problem is resolved. This webinar provides instruction as to how to identify and resume suspended transactions. The intended audience for this webinar are NMVTIS Help Desk Personnel, Business Process Analyst and IT System Integrators.

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentaffairs@aamva.org so that AAMVA may reflect those comments in their own.

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff from FMCSA.

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

This Week's Webinars

[NMVTIS Suspense Resolution for Online States \(AMIE Version\) - Part 2](#)

Wednesday, November 8, 2017, 2:00 - 3:00 pm (ET)

Prerequisite: NMVTIS Suspense Resolution for Online States (AMIE Version) – Part 1

NMVTIS has two third party transactions that involve updates between the central site and multiple states. Because the transactions involve multiple states and the central site, it is possible for a transaction to break down before it completes. Further activity against this title record is greatly restricted until the problem is resolved. This webinar provides instruction as to how to identify and resume suspended transactions. The intended audience for this webinar are NMVTIS Help Desk Personnel, Business Process Analyst and IT System Integrators.

JURISDICTION NEWS

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

OUR SURVEYS

Please respond to these surveys from Missouri, Texas, Florida, Virginia, and Georgia.

System Redesign (Ends 11/14/2017) Responses received from AR, CO, ID, IL, LA, ME, ND, NJ, NM, OH, PA, RI, TN, TX, VA.

Customer Satisfaction (Ends 11/15/2017) Responses received from FL, HI, ID, IL, KS, ME, ND, NH, OH, WI.

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentaffairs@aamva.org so that AAMVA may reflect those comments in their own.

Registration of Antique Vehicles

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

PARTNER NEWS

TRB Webinar: Policy and Planning Actions to Address Connected and Automated Vehicles

TRB will conduct a webinar on Wednesday, November 8, 2017, from 1:00 PM to 3:00 PM ET that features research from the [National Cooperative Highway Research Program](#) (NCHRP)'s [Research Report 845: Advancing Automated and Connected Vehicles: Policy and Planning Strategies for State and Local Transportation Agencies](#), which is accompanied by [Strategies to Advance Automated and Connected Vehicles: Briefing Document](#). This webinar will discuss the state and local policy and planning actions that can help make sure that the introduction of automated vehicles and connected vehicles will advance community and agency objectives. Some registrants will need to pay \$95 to attend this webinar. Sign into MyTRB.org to view registration information. [Read more here](#).

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

This Week's Webinars

[NMVTIS Suspense Resolution for Online States \(AMIE Version\) - Part 2](#)

Wednesday, November 8, 2017, 2:00 - 3:00 pm (ET)

Prerequisite: NMVTIS Suspense Resolution for Online States (AMIE Version) – Part 1

NMVTIS has two third party transactions that involve updates between the central site and multiple states. Because the transactions involve multiple states and the central site, it is possible for a transaction to break down before it completes. Further activity against this title record is greatly restricted until the problem is resolved. This webinar provides instruction as to how to identify and resume suspended transactions. The intended audience for this webinar are NMVTIS Help Desk Personnel, Business Process Analyst and IT System Integrators.

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

OUR SURVEYS

Please respond to these surveys from Missouri, Texas, Florida, Virginia, and Georgia.

System Redesign (Ends 11/14/2017) Responses received from AR, CO, ID, IL, LA, ME, ND, NJ, NM, OH, PA, RI, TN, TX, VA.

Customer Satisfaction (Ends 11/15/2017) Responses received from FL, HI, ID, IL, KS, ME, ND, NH, OH, WI.

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentaffairs@aamva.org so that AAMVA may reflect those comments in their own.

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

PARTNER NEWS

TRB Webinar: Policy and Planning Actions to Address Connected and Automated Vehicles

TRB will conduct a webinar on Wednesday, November 8, 2017, from 1:00 PM to 3:00 PM ET that features research from the [National Cooperative Highway Research Program](#) (NCHRP)'s [Research Report 845: Advancing Automated and Connected Vehicles: Policy and Planning Strategies for State and Local Transportation Agencies](#), which is accompanied by [Strategies to Advance Automated and Connected Vehicles: Briefing Document](#). This webinar will discuss the state and local policy and planning actions that can help make sure that the introduction of automated vehicles and connected vehicles will advance community and agency objectives. Some registrants will need to pay \$95 to attend this webinar. Sign into MyTRB.org to view registration information. [Read more here](#).

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from

an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff

from FMCSA.

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentaffairs@aamva.org so that AAMVA may reflect those comments in their own.

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff from FMCSA.

2018 Awards Program to Open For Submissions Soon

We are excited to roll out the 2018 AAMVA Awards Program and we will be accepting submissions soon. Please check back at our website for updates. There are two major changes from previous years. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) between **October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. If you have any questions about the awards program, please send an email to awards@aamva.org.

This Week's Webinars

[NMVTIS Suspense Resolution for Online States \(AMIE Version\) - Part 2](#)

Wednesday, November 8, 2017, 2:00 - 3:00 pm (ET)

Prerequisite: NMVTIS Suspense Resolution for Online States (AMIE Version) – Part 1

NMVTIS has two third party transactions that involve updates between the central site and multiple states. Because the transactions involve multiple states and the central site, it is possible for a transaction to break down before it completes. Further activity against this title record is greatly restricted until the problem is resolved. This webinar provides instruction as to how to identify and resume suspended transactions. The intended audience for this webinar are NMVTIS Help Desk Personnel, Business Process Analyst and IT System Integrators.

recall, which includes as many as one-third of vehicles nationwide, making it the largest and most complex recall in automotive history. While NHTSA remains engaged in an aggressive campaign to educate consumers about the importance of repairing recalled vehicles, the FAST Act provided grants for up to six states that agreed to notify consumers of open recalls on their vehicles at the time of registration. Maryland was the only state to apply for the grant and will begin the process of developing their pilot program. [Read more here.](#)

FEDERAL NEWS

FHWA Motorcycle Advisory Council Scheduled to Meet for First Time

The Federal Highway Administration (FHWA) has [announced](#) the first meeting of the Motorcycle Advisory Council (MAC). The purpose of this meeting is to advise the Secretary of Transportation, through the FHWA Administrator, on infrastructure issues of concern to motorcyclists, including; barrier design, road design, construction and maintenance practices, and the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1426 of the Fixing America's Surface Transportation (FAST) Act. The meeting is open to the public and will be held on December 5, 2017. Parties interested in attending in person are asked to send an email to MAC@dot.gov no later than November 24, 2017 in order to facilitate entry and guarantee seating.

NHTSA Submits Study Request on Older Drivers and Rearview Video Systems

The National Highway Traffic Safety Administration (NHTSA) has published [notice](#) regarding an information collection request on "Older Driver Rearview Video Systems." This new information collection requirement requires rear visibility technology in all new vehicles under 10,000 pounds by May 2018, but the anticipated safety gains strongly depend on the extent to which drivers understand and use the technology as intended. The purpose of this study is to assess the driving performance of adults 60 and older using traditional mirrors as compared to using a rearview video system (RVS) during backing tasks; and to develop, implement, and assess the effectiveness of an RVS training protocol.

NHTSA Publishes Updated Conforming Products for Alcohol Measurement Devices and Provides Related Website

The National Highway Traffic Safety Administration has provided [notice](#) updating the Conforming Products List (CPL) previously published in the Federal Register on June 14, 2012 for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices. This notice also informs the public that all future updates to the CPL will be posted on NHTSA's website. The website designated to carry all future updates of the CPL will be posted at: <https://www.nhtsa.dot.gov/drunk-driving/alcohol-measurement-devices>.

Deadline for Submitting Comments on Federal AV Guidance Due November 14

AAMVA reminds its members that the deadline for submitting comments on the National Highway Traffic Safety Administration's federal "Automated Driving Systems: A Vision for Safety" is scheduled for November 14th. Jurisdictions interested in informing the latest iteration of the federal guidance on automated driving systems should go to www.regulations.gov and enter docket number NHTSA-2017-0082 to submit their comments. The full notice as published in the Federal Register is available [here](#). Jurisdictions submitting comments are encouraged to send a copy of their comments to governmentsaffairs@aamva.org so that AAMVA may reflect those comments in their own.

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

Autonomous Vehicles Safety Regulations World Congress

A panel of state leaders who are influencing the world of Autonomous Vehicle regulation discussed the approach their states are taking to regulate the testing and deployment of automated vehicles at the [Autonomous Vehicles Safety Regulations World Congress](#) in Novi, Michigan. They discussed how they are working with government officials, industry, and other stakeholders to understand and begin to prepare for the impact of automation in vehicles from

an administrative and a law enforcement perspective. The panelists were joined by Cathie Curtis, Director of Vehicle Programs at AAMVA, who discussed the guidelines being developed by AAMVA's [Autonomous Vehicles Working Group](#). The panelists and members of the working group who presented at the Congress were Bernard C. Soriano, Deputy Director, Enterprise Risk Management Division, California Department of Motor Vehicles and chair of AAMVA's Working Group; James Fackler, Assistant Administrator, Customer Services Administration, Michigan Department of State, and Vice-chair of the Working Group; Kara Templeton, Director, Bureau of Driver Licensing, Pennsylvania Department of Transportation; and Terrance McDonnell, Staff Sergeant, New York State Police.

CDL Examiner Update Classes

AAMVA conducted two 3-day CDL Examiner Update Classes at Pinellas Technical College in St Petersburg, Florida October 23 – 28, 2017. Both classes were at capacity and were attended by 26 Examiners from 19 jurisdictions, 5 members of the US Air Force; and 7 State Program Managers/Staff

from FMCSA.

Sen. John Albers and Georgia DDS Deputy Commissioner Present First Ever Three-Wheel Basic Riders Course Permit

Sen. John Albers (R – Roswell) and Georgia Department of Driver Services (DDS) Deputy Commissioner Ricky Rich presented Mrs. Linda Robertson with the first ever Three-Wheel Basic Riders Course (BRC) permit. There are currently over 414,000 licensed riders and 17,000 permit holders in Georgia. Now, three-wheel license waivers are available to keep citizens throughout the state trained, safe and legal. Since August, the Georgia Motorcycle Safety Program has trained and certified 15 rider coaches to deliver the three-wheel curriculum to certify 12 more next spring. The opportunity to earn the Three-Wheel Basic Riders Course permit will help those who are disabled, veterans and those who are elderly to be able to still ride. [Read more here.](#)

U.S. DOT and Maryland MVA Collaborate to Improve Recall Remedy Rates

U.S. Secretary of Transportation Elaine L. Chao and the National Highway Traffic Safety Administration (NHTSA) announced they have awarded a grant to the Maryland Department of Transportation Motor Vehicle Administration to help reach more consumers with the critical message of repairing open recalls on their vehicles. On average, only 70 percent of vehicles recalled are repaired. Improving recall remedy rates is a priority for NHTSA, especially in light of the Takata airbag

A Federal District Court Finds UCR Plan Board Violated Open Meetings Laws

The U.S. District Court for the District of Columbia issued a memorandum order on October 18, 2017 declaring that the Unified Carrier Registration (UCR) Plan Board violated federal open meeting laws after holding a September 14, 2017 planning meeting. Federal sunshine laws dictate a public notice should have been published announcing the meeting, but no notice was published. In the meeting, the UCR Planning Board decided to postpone the start of the annual registration period for motor carriers, brokers, and freight forwarders from October 1, 2017, to November 1, 2017. 12 Percent Logic and the Small Business in Transportation Coalition filed a lawsuit against the UCR seeking to strike down the registration postponement, but the District Court fell short of striking the decision. According to the opinion, the UCR Plan Board must immediately publish "any draft minutes, transcripts, or recordings of the September 14th meeting." Read the [memorandum opinion](#) and [order](#) for more information.

PARTNER NEWS

TRB Webinar: Policy and Planning Actions to Address Connected and Automated Vehicles

TRB will conduct a webinar on Wednesday, November 8, 2017, from 1:00 PM to 3:00 PM ET that features research from the [National Cooperative Highway Research Program](#) (NCHRP)'s [Research Report 845: Advancing Automated and Connected Vehicles: Policy and Planning Strategies for State and Local Transportation Agencies](#), which is accompanied by [Strategies to Advance Automated and Connected Vehicles: Briefing Document](#). This webinar will discuss the state and local policy and planning actions that can help make sure that the introduction of automated vehicles and connected vehicles will advance community and agency objectives. Some registrants will need to pay \$95 to attend this webinar. Sign into MyTRB.org to view registration information. [Read more here](#).

Hi Alaska,

Please let me know who the certification letter should be addressed to:

NAME
TITLE
ADDRESS
CITY, ST, ZIP CODE
Email address

Also, please list all those that should be copied on the certification letter:

NAME
TITLE
ADDRESS
CITY, ST, ZIP CODE
Email address

And I also need to know what all NMVTIS fields are displayed to your titling clerks as well as what data from the state detail data which comes from the old SOT are displayed. If you would like to send a screenshot that will be fine.

Thanks,
Susan Creighton / 703.908.5893 office

Subject: RE: Smoke testing with AK starting November 7

GM Mina,

I did check internally if AK can start both PDPS and SPEXS smoke test today. We need to test SPEXS and PDPS one after another. We will start with SPEXS today and as soon as the smoke testing for SPEXS is completed, will start PDPS smoke test.

Let me know if you have any questions.

Thanks,
Asma

Hi Mina,

We are all set to begin with the Smoke Test with AK gap code tomorrow morning.

For the question you had to start both SPEXS and PDPS tomorrow, let me run this internally, and I will let you know by morning.

Lori,

Let me know when you are ready with Driver B tomorrow, and we can begin with the test.

Thanks,
Asma

Subject: Smoke testing with AK starting November 7

Good afternoon, Asma,

This is to confirm that we will be starting smoke testing with you tomorrow, November 7 with our gap code AK in the CERT environment.

The testers will be different – Lori McNeil will be testing SPEXS instead of Gary, and Monica Clemens will be testing PDPS instead of Lori. So, even though we have done these before, both testers are new to the specific application being tested. This means we need more than ever for you to tell us what is expected (especially if a withdrawal is expected to be added, because these are programmers who do not know the business process).

We really would like to get smoke testing done quickly. I know it's not standard, but if there is ANY way we can start testing them both tomorrow, that would be helpful. If not, then we will start with Lori doing SPEXS testing. She will start at 6am, but will need to set up the drivers in the morning, so it may be a little afterward before she's ready for the first test case. Lori, please contact Asma and let her know when Driver B is ready.

As always, please cc me on all the smoke test correspondence. Thank you all for your hard work!

Subject: RE: Follow up on CDLIS Documents

Good Morning Mina,

Thank you for taking the time to go through the documents and providing your feedback.

I have this topic on the agenda today, and we can further discuss it with the group in today's meeting.

The withdrawals section in the SPM was not intended to be there, so yes you are right in the final version it will be a section of its own and not included in the Convictions section.

Yes the documentation for the CDLIS and SPEXS Specification will be a combined one going forward.

Thanks,
Madhu

Subject: RE: Follow up on CDLIS Documents

Hi all!

Sorry it took me a while to get to this....going live with a completely new system in a few weeks is pretty much consuming my life...

I wanted to reply to Andy's reply, because while I understand and am not a fan of the "should" within a specification document, in this case I would advocate for leaving it in there. OBXtec may very well see it as an expectation, but IMO that is the tail wagging the dog. Here is why I think it "should" (there it is again) be a suggestion and not an expectation:

1. This is not something that is FMCSA required, and is better classified as a best practice.
2. We "should" be receiving an error message back if it didn't work.
3. Some states may be sending the HA's in an automated fashion – I know we are working on that. Adding a required SG to be performed after an automated HA message creates a potentially significant required programming change for something that really should be listed as a best practice.
4. If we say "must" we will need to include a time frame. Within an hour? 24 hours? 10 days? Other???
5. If we add it to the SPM, AAMVA will begin reporting missing SGs as an error to FMCSA – even though it is NOT required by FMCSA.

However, I do agree that we should have the Mexican CDLholder convictions section consistent with the Canada CDLholder convictions.

Moving on, I noticed that under convictions there was what seemed to me to be a random section on withdrawals. If we are truly splitting these out like this, would we not want to instead add a reference to the withdrawals section rather than have a small snippet of withdrawal information here?

Last, on the "State Pointer Exchange Services" document – just a question. Is the point of this to combine master specs for SPEXS and CDLIS?

Subject: RE: Follow up on CDLIS Documents

Hi Madhu!

I haven't taken as much time to look at this as I would like but as far as format I am liking it.

I did run into one of the concerns I have expressed previously. The use of the word 'should' in something that is procedural.

The section '1.4.1.2 Driver Holds Foreign License' holds an example.

4 *Canadian License Holders*

After conviction for a Canadian license holder the state **should** initiate a CDLIS CD03 status request details they have for the driver. The SOC **should** ensure that the correct Canadian province is identified. If the driver's record is not successfully identified during the validation the SOC **should** contact the Canadian province to address the issue. Once the SOC is able to locate the correct DHR they **should** add the conviction using CDLIS CD11 to the Central Site, which will deliver the conviction to the FCWD f

Notice the use of the word should? That would indicate that I don't have to do it. As an example, when I was young if Mom said, "Andy you should take the trash out" guess where that trash was the next day? I promise on the second day Mom used a more convincing terminology. "Andy, take the trash out" (and some very convincing voice inflection) which meant I was absolutely taking the trash out. ☺

If we really have the expectation (and after a few go rounds with OBXtek I know that is an expectation...) that the SG is going to be sent to verify the driver and that the conviction should not be sent when the verification can't be made, then the word 'should' needs to be removed.

Now the argument could be made that not every jurisdiction has the ability to send the SG to Canadian provinces so that is why the word 'should' is used. I get that but want to bring up two things.

The first is a question. If we are waiting for all states to have the ability to send the SG to Canada, when is the right time to remove the 'should'? My argument would be to just do it now during the rewrite so it doesn't get looked over later. Making the assumption that not all jurisdictions will be capable of sending the SG to Canada when the new SPM is printed, the worst case scenario is that they aren't doing it. Since this transaction isn't state to state, we won't have arguments between states on how to do this. Since AAMVA has heavy influence on OBXtek and the Canadian interaction, they can probably, for lack of a better term, accept that not all states will comply immediately, but at least since it is in the SPM it will encourage those that don't have the ability to move forward and incorporate the change.

The second is that when I look at the similar section for Mexican License Holders, it doesn't even refer to doing the SG prior to CD11. I know from recent experience that if we don't do the status check to verify the license before sending CD11 and the HA goes without a match we get it back for an error. So that same process talked about for the Canadian License Holders exists for the Mexican License Holders and you wouldn't know it the way it is written. And again for the Mexican License Holders I know the SG check prior to sending the HA is an expectation and therefore I would avoid the use of the word 'should'.

Look at that, I'm rambling again now. I'll let you consider my thoughts and hopefully they make some sense. If you prefer, Ed, you and I can discuss to set me straight or if you think I have some legitimate concerns here we can address with the PRC and whoever else is interested.

Thanks and Happy Monday,
-Andy

Good morning Madhu,

I have no problem with the new format for the CDLIS SPM. I had my staff that uses this manual frequently take a look and they agreed. One comment was mentioned regarding the conviction processing chapter. Staff was looking for the samples of the AAMVA forms for processing convictions/withdrawals by mail.

We have a new CDL programmer therefore he has no experience with the "old" format vs the new format you provided. I did provide him with a paper copy of the previous system specs. His comment was that he could work with either format. So much for that!

Have a great Friday folks!

~JoLynn

Subject: Follow up on CDLIS Documents

Hello PRC,

Hope everyone is having a good week!

I was reaching out to you all to see if anyone had any questions on the CDLIS SPM Prototype and CDLIS Specification Prototype documents that we discussed during our last PRC call.

It would be great if you could provide us your feedback on these document, so that we know if we are going in the right direction. We would appreciate it if you could email us your comments so that we can discuss this with the group during our next PRC call on November 7th.

CDLIS SPM Prototype Document

[https://share.aamva.org/membersvc/commwg/CDLISworkgroup/Proposal%20Review%20Committee%20Meeting%20Notes/CDLIS SPM rewrite conviction prototype 20171003.docx](https://share.aamva.org/membersvc/commwg/CDLISworkgroup/Proposal%20Review%20Committee%20Meeting%20Notes/CDLIS%20SPM%20rewrite%20conviction%20prototype%2020171003.docx)

CDLIS Specification (CD01) Prototype Document

[https://share.aamva.org/membersvc/commwg/CDLISworkgroup/Proposal%20Review%20Committee%20Meeting%20Notes/CD01 Specification Rewrite Prototype.docm](https://share.aamva.org/membersvc/commwg/CDLISworkgroup/Proposal%20Review%20Committee%20Meeting%20Notes/CD01%20Specification%20Rewrite%20Prototype.docm)

Thanks,
Madhu

Canadian License Holders

After conviction for a Canadian license holder the state **should** initiate a CDLIS CD03 status request to verify that the details they have for the driver. The SOC **should** ensure that the correct Canadian province is included in the province. If the driver's record is not successfully identified during the validation the SOC **should** work with the Canadian province to address the issue. Once the SOC is able to locate the correct DHR they **should** send the conviction using CDLIS CD11 to the Central Site, which will deliver the conviction to the FCWD for storage.

Good morning Asma,

I have added the driver for Stream B with license number 7712259. The UA has been sent and the CB confirmation received.

I am ready for # B1.

By the way, I noticed that there seems to be a driver on the AI site left from Structured testing with the same identifying information.

Good morning Asma,

I have added the driver for Stream B with license number 7712259. The UA has been sent and the CB confirmation received.

I am ready for # B1.

By the way, I noticed that there seems to be a driver on the AI site left from Structured testing with the same identifying information.

Lori

Asma,

I have added the ID for Driver B, but I am having some trouble with the Permit. Because the Driver has a current withdrawal, I can't add a permit. Is it okay if I end his withdrawal? The withdrawal would remain on his record.

Lori

Lori,

B3 looks good.

Please add two Drivers, see the note below from the Test Plan :

Note: Before executing test case B4 and B5 AK must add two other Driver records with identical Driver information (including the ST/DLN) as Driver B except that the State Document Type = 3 (State ID) for one Record and the State Document Type = 2 (Permit) for the other record.

Let me know when to send # B4.

Thanks,
Asma

Good morning Asma,

I have added the driver for Stream B with license number 7712259. The UA has been sent and the CB confirmation received.

I am ready for # B1.

By the way, I noticed that there seems to be a driver on the AI site left from Structured testing with the same identifying information.

Good morning Asma,

I have added the driver for Stream B with license number 7712259. The UA has been sent and the CB confirmation received.

I am ready for # B1.

By the way, I noticed that there seems to be a driver on the AI site left from Structured testing with the same identifying information.

Good morning Asma,

I have added the driver for Stream B with license number 7712259. The UA has been sent and the CB confirmation received.

I am ready for # B1.

By the way, I noticed that there seems to be a driver on the AI site left from Structured testing with the same identifying information.

Good morning,

Alaska is not adding permit pointers (Or did that get written in and I didn't know it?) We add all permits as license pointers, so you shouldn't see a third pointer.

Regards,

Mina Peters

Subject: RE: AK- SPEXS Smoke Test - Diver C

Asma,

We cannot deploy the validation fix until this evening. So I will be unable to continue the testing until tomorrow morning.

I'll plan to be ready to test at 10:00 am Eastern time.

Thanks for your patience.

Lori

Asma,

I've run into a front-end validation problem that will probably take a couple of hours to straighten out. I can't proceed until I fix it.

I'll email you when I'm ready to resume testing.

Thank you!

Subject: ELDT Discussion

Good news. On the call today I was erroneously looking at the existing applicability provisions of Entry Level Driver Training, not future applicability starting Feb 7, 2020. That section, [49 CFR 380.603](#), appears to address the concern I expressed, as well as the restricted CDL question Andy posed. Phew!

Subject: Reminder: Arkansas has successfully completed structured testing for NMVTIS

NMVTIS Working Group Participants:

AAMVA is pleased to inform you that Arkansas has successfully completed structured testing of NMVTIS fully integrated online updates to add to their existing functionality of online inquiry and unsolicited responses. A tentative date of Sunday, November 12, 2017 has been set to implement Arkansas as a fully integrated online state. Arkansas is currently participating in NMVTIS as a daily batch update and online inquiry state. No changes are needed to UNI since Arkansas will continue to use 'AR' as their network ID.

If you have any questions or concerns, please contact the AAMVA Operations Department at 1-888-226-8280 option 1 or Helpdesk@aamva.org.

Subject: Reminder: Arkansas has successfully completed structured testing for NMVTIS

NMVTIS Working Group Participants:

AAMVA is pleased to inform you that Arkansas has successfully completed structured testing of NMVTIS fully integrated online updates to add to their existing functionality of online inquiry and unsolicited responses. A tentative date of Sunday, November 12, 2017 has been set to implement Arkansas as a fully integrated online state. Arkansas is currently participating in NMVTIS as a daily batch update and online inquiry state. No changes are needed to UNI since Arkansas will continue to use 'AR' as their network ID.

If you have any questions or concerns, please contact the AAMVA Operations Department at 1-888-226-8280 option 1 or Helpdesk@aamva.org.

Subject: Jurisdiction Maintenance Notices

Jurisdictions:

AAMVA Operations would like to thank all jurisdictions who notify us of their upcoming maintenance activities.

However, we have noticed that, in some cases, not all AAMVA related applications are affected by the planned maintenance. In order to be of greater service to all jurisdictions AAMVA is asking the states to please specify which AAMVA applications will be affected by your maintenance activities. This will help us be more accurate in our notices to all jurisdictions.

If we are unable to get this information, our notifications will convey that *all AAMVA applications for the state* will be down during the period.

Again, thank you for your assistance to make communications of this nature as specific as possible.

If you have any questions concerning this request please contact helpdesk@aamva.org or call 1-888-AAMVA80 Option 1.

Subject: National Driver Register Cleanfile - December 17, 2017

The National Driver Register will conduct a Cleanfile on December 17th, 2017.

Cleanfile is an optional process. It is a means for jurisdictions to refresh the pointers it has on PDPS. NDR replaces all pointers on the PDPS file with the Cleanfile set of pointers sent by the jurisdiction. In order for a pointer to be included in the Cleanfile, the associated record in the jurisdiction must contain a conviction or withdrawal specified in 23 CFR Part 1327 section 1327.5 (a) or in Appendix A to that rule.

To participate in this Cleanfile, please email NDR by December 6th, 2017, and plan to send your file to NDR no later than December 13th, 2017.

Cleanfiles must be submitted via Secure FTP or FTP. Please schedule a test of SFTP/FTP connectivity with NDR before attempting to send the full Cleanfile.

If you plan to participate in this Cleanfile or if you have any questions please contact the NDR Office by sending an e-mail to NDR_Operations@dot.gov.

Cc: Singaraju, Sruti; Peters, Mina L (DOA)
Subject: RE: AK- SPEXS Smoke Test - Diver C

Asma,

C1 I sent the IN and received RC, RD, HC, H1 and H6.

C2 I sent the HA and received CS.

C3 I sent the HA for the underlying conviction, but haven't received a CS.

Lori

Asma,

We cannot deploy the validation fix until this evening. So I will be unable to continue the testing until tomorrow morning.

I'll plan to be ready to test at 10:00 am Eastern time.

Thanks for your patience.

Asma,

I've run into a front-end validation problem that will probably take a couple of hours to straighten out. I can't proceed until I fix it.

I'll email you when I'm ready to resume testing.

Thank you!

Subject: RE: AK NMVTIS - Batch Initial Load

Have expired registration. Are we doing the "pre-1980 and not registered" exclusion that occurs during normal operations? I can't find these rules in either the spreadsheet or the documentation previously provided. **Yes, if vehicle model year is pre-1981 and if it does not have active registration then it should NOT be reported to NMVTIS.**

Can you please ensure this rule is enforced and send me the files again so I can verify

Thank You

Subject: Re: AK NMVTIS - Batch Initial Load

Hello Amir,

I've responded to all of the test cases in this group:

Following test cases I was expecting data but did not get the data

002 - This record was sent. The title can be found on line 38 and the brand on line 8 of the previous execution, or 39 and 8 of the current execution.

096 - Vehicle Type Map say do not include LP (Pole)

152 - Was trailer, should've been truck. Should now be fixed.

159 - Was trailer, should've been truck. Should now be fixed.

164 - Was trailer, should've been truck. Should now be fixed.

175 - Was trailer, should've been truck. Should now be fixed.

I started responding to each test case in the second group, but I've noticed the errors fall into three categories:

1. Trucks that should've been trailers.
2. Have expired registration. Are we doing the "pre-1980 and not registered" exclusion that occurs during normal operations? I can't find these rules in either the spreadsheet or the documentation previously provided.
3. Records were not appropriately being filtered when title was inactive.

I've fixed several (but probably not all) of the truck/trailer mismatches. I've added the necessary changes to the batch file code to restrict inactive records. This seems to have removed dozens of the failing records. Can you please verify again before we continue with narrower issues? Once I have confirmation on the registration restriction, I can add that if necessary.

This email comes from an external source, so remember, Think Before You Click!

Hi,

I notice following

There are records where the title issue date and title status is set to NULL, these cannot be set to NULL, these should have valid values

There are records with odometer reading of 000000000, we do not allow odometer reading of all zeros, either it has to be UNKNOWN or a valid numeric reading

When record has registration only and no title, the Registration issue date should be used as Title Issue Date and Plate number should be populated in the Title Number field.

I looked at the test results from back in 2010 and see that AK had used the odometer readings of UNKNOWN and EXEMPT

Thank You

Subject: RE: AK- SPEXS Smoke Test - Diver C

Asma,

I've run into a front-end validation problem that will probably take a couple of hours to straighten out. I can't proceed until I fix it.

I'll email you when I'm ready to resume testing.

Thank you!

lori

Subject: RE: AK NMVTIS - Batch Initial Load

Hi Dillon,

This requirement is in the batch spec in section 8.3.

VIN POINTER FILE Description

In addition to the vehicle type include/exclude criteria noted above, other rules also restrict what vehicles are added to the VIN Pointer File. Vehicles that, as a group, have non-standard VINs will be excluded from the VIN Pointer File (non-standard VINs do not adhere to the format defined in the Final Rule on Vehicle Identification Number Requirements provided by the Department of Transportation, National Highway Traffic Safety Administration). As an example, golf carts are considered recreational vehicles (a vehicle type on the "include" list), but golf carts will not be placed on the VIN Pointer File because they are typically assigned non-standard VINs.

In addition, the VIN Pointer will only contain titles for vehicles that meet at least one of the following criteria:

- Vehicle has an active registration and an active title;
- Vehicle has an active title and the vehicle has a model year of 1981 or later or
- Vehicle has an active registration and the registration is the proof of ownership.

An active title is one that the jurisdiction considers to represent current ownership of a vehicle. The jurisdiction maintains current data regarding the title, and ownership is negotiable based on the title. A title becomes inactive if the vehicle is retitled by another jurisdiction (the new jurisdiction now has the active title and the title in the old jurisdiction is inactive). A title also becomes inactive when a jurisdiction marks the title record as purged (or a similar status) so that the jurisdiction no longer considers the title record to represent current ownership of the vehicle. Regardless, states should not provide the central site title records that are inactive.

Model year restrictions were applied because of the high incidence of nonstandard VIN duplicates on pre-1981 vehicles. During the pilot, counts of duplicate VINs from 1981 and earlier were in the range of 30 percent, while the count of duplicate VINs from 1982 and later was between two and five percent.

The rules above exclude vehicles that:

- Have been garaged, and
- Have an active registration only, but the registration is not the proof of ownership (the vehicle will be added to the VIN Pointer File by the state having the active title).

Thanks,
Susan Creighton / 703.908.5893 office

Subject: RE: AK NMVTIS - Batch Initial Load

Have expired registration. Are we doing the "pre-1980 and not registered" exclusion that occurs during normal operations? I can't find these rules in either the spreadsheet or the documentation previously provided. **Yes, if vehicle model year is pre-1981 and if it does not have active registration then it should NOT be reported to NMVTIS.**

Can you please ensure this rule is enforced and send me the files again so I can verify

Thank You

Subject: Re: AK NMVTIS - Batch Initial Load

Hello Amir,

I've responded to all of the test cases in this group:

Following test cases I was expecting data but did not get the data

002 - This record was sent. The title can be found on line 38 and the brand on line 8 of the previous execution, or 39 and 8 of the current execution.

096 - Vehicle Type Map say do not include LP (Pole)

152 - Was trailer, should've been truck. Should now be fixed.

159 - Was trailer, should've been truck. Should now be fixed.

164 - Was trailer, should've been truck. Should now be fixed.

175 - Was trailer, should've been truck. Should now be fixed.

I started responding to each test case in the second group, but I've noticed the errors fall into three categories:

1. Trucks that should've been trailers.
2. Have expired registration. Are we doing the "pre-1980 and not registered" exclusion that occurs during normal operations? I can't find these rules in either the spreadsheet or the documentation previously provided.
3. Records were not appropriately being filtered when title was inactive.

I've fixed several (but probably not all) of the truck/trailer mismatches. I've added the necessary changes to the batch file code to restrict inactive records. This seems to have removed dozens of the failing records. Can you please verify again before we continue with narrower issues? Once I have confirmation on the registration restriction, I can add that if necessary.

Thank you,

This email comes from an external source, so remember, Think Before You Click!

Hi,

I notice following

There are records where the title issue date and title status is set to NULL, these cannot be set to NULL, these should have valid values

There are records with odometer reading of 000000000, we do not allow odometer reading of all zeros, either it has to be UNKNOWN or a valid numeric reading

When record has registration only and no title, the Registration issue date should be used as Title Issue Date and Plate number should be populated in the Title Number field.

I looked at the test results from back in 2010 and see that AK had used the odometer readings of UNKNOWN and EXEMPT

Thank You

Lori,

For # C12 :

HB message in error from AK:

GMSLOC	MESSAGE LOCATOR/HEADER	1	1708231015070000 1UNISB
GMSCNT	MESSAGE MATCH COUNT	1	01
GMSIND	MESSAGE MATCH INDICATOR	1	Y
GMSMSI	MESSAGE MATCH SEQUENCE ID	1	01
GPROST	PROCESSING STATUS	1	05
GMSSRL	SYSTEM RELEASE CODE	1	
DDLJDL	DRIVER LICENSE JURIS NUMBER	1	

Message Match Count (GMSCNT) must be set to '00'

Message Match Indicator (GMSIND) must be set to 'Y'

Message Match Sequence Identifier (GMSMSI) must be set to '00'

System Release Code (GMSSRL) on the SB was sent s 'H' and the DLN was also sent, but these came back as blank fields.

Please refer to the following section in the Master Specification:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors:

CDL1.TRN.SB/HB. 2700	Message Match Count (GMSCNT)	CLMF-CNT-MEC-MATCH Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2800	Message Match Indicator (GMSIND)	CLMF-INDC-MEC-MATCH Format=Alpha-numeric Size=1	Set to 'N'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2900	Message Match Sequence Identifier (GMSMSI)	CLMF-NUMB-MEC-MATCH-SEQ-ID Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3000	Processing Status (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	Set to '01' (logic error) if the driver could not be located; '03' (syntax error) if processing could not be performed	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3100	Last Match Indicator (GMSLMI)	CLMF-INDC-MEC-LAST-MATCH Format=Alpha-numeric Size=1	Set to 'Y'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3200	System Release Code (GMSSRL)	CLMF-SYSTEM-REL-CODE Format=Alpha-numeric Size=1	Set to the valid code in Appendix D: Data Dictionary (on page 1871) indicating the release version used by the SOR.	1-1	1-1	1-1	1-1

Can you please look.

Asma,

I will look at this. Any changes won't be able to be deployed until at least after business hours tonight.

Do you want to continue with the test stream or stop until # C12 is corrected?

Lori

Mina/Lori,

I ran this with Sruti, what Alaska is sending is for Message Match Count (GMSCNT), Message Match Indicator (GMSIND), Message Match Sequence Identifier (GMSMSI) (please refer to **CDI1.4** in Master Specification) is good, except for the DLN missing on the HB message in error.

We can continue, but let us know the extent of the fix and we have to come back to re-test this test case.

Thanks,

Asma

Asma,

We cannot deploy the validation fix until this evening. So I will be unable to continue the testing until tomorrow morning.

I'll plan to be ready to test at 10:00 am Eastern time.

Thanks for your patience.

Asma,

I've run into a front-end validation problem that will probably take a couple of hours to straighten out. I can't proceed until I fix it.

I'll email you when I'm ready to resume testing.

Thank you!

lori

Subject: RE: AK- SPEXS Smoke Test - Diver C

This email comes from an external source, so remember, Think Before You Click!

Mina/Lori,

I ran this with Sruti, what Alaska is sending is for Message Match Count (GMSCNT), Message Match Indicator (GMSIND), Message Match Sequence Identifier (GMSMSI) (please refer to **CDI1.4** in Master Specification) is good, except for the DLN missing on the HB message in error.

We can continue, but let us know the extent of the fix and we have to come back to re-test this test case.

Thanks,
Asma

Hi all,

I'm back!

If this needs to wait till tomorrow, can you please move on to the next driver stream so we can get this done? Thank you. ☺

Regards,

Mina Peters
Analyst Programmer V

Asma,

I will look at this. Any changes won't be able to be deployed until at least after business hours tonight.

Do you want to continue with the test stream or stop until # C12 is corrected?

Lori

This email comes from an external source, so remember, Think Before You Click!
Lori,

For # C12 :

HB message in error from AK:

GMSLOC	MESSAGE LOCATOR/HEADER	1	1708231015070000 1UNISB
GMSCNT	MESSAGE MATCH COUNT	1	01
GMSIND	MESSAGE MATCH INDICATOR	1	Y
GMSMSI	MESSAGE MATCH SEQUENCE ID	1	01
GPROST	PROCESSING STATUS	1	05
GMSSRL	SYSTEM RELEASE CODE	1	
DDLJDL	DRIVER LICENSE JURIS NUMBER	1	

Message Match Count (GMSCNT) must be set to '00'
Message Match Indicator (GMSIND) must be set to 'Y'
Message Match Sequence Identifier (GMSMSI) must be set to '00'
System Release Code (GMSSRL) on the SB was sent s 'H' and the DLN was also sent, but these came back as blank fields.

Please refer to the following section in the Master Specification:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors:

CDL1.TRN.SB/HB. 2700	Message Match Count (GMSCNT)	CLMF-CNT-MEC-MATCH Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2800	Message Match Indicator (GMSIND)	CLMF-INDC-MEC-MATCH Format=Alpha-numeric Size=1	Set to 'N'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2900	Message Match Sequence Identifier (GMSMSI)	CLMF-NUMB-MEC-MATCH-SEQ-ID Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3000	Processing Status (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	Set to '01' (logic error) if the driver could not be located; '03' (syntax error) if processing could not be performed	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3100	Last Match Indicator (GMSLMI)	CLMF-INDC-MEC-LAST-MATCH Format=Alpha-numeric Size=1	Set to 'Y'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3200	System Release Code (GMSSRL)	CLMF-SYSTEM-REL-CODE Format=Alpha-numeric Size=1	Set to the valid code in Appendix D: Data Dictionary (on page 1871) indicating the release version used by the SOR	1-1	1-1	1-1	1-1

Can you please look.

Thanks,
Asma

Mina/Lori,

I ran this with Sruti, what Alaska is sending is for Message Match Count (GMSCNT), Message Match Indicator (GMSIND), Message Match Sequence Identifier (GMSMSI) (please refer to **CDI1.4** in Master Specification) is good, except for the DLN missing on the HB message in error.

We can continue, but let us know the extent of the fix and we have to come back to re-test this test case.

Thanks,
Asma

Subject: RE: AK- SPEXS Smoke Test - Diver C

This email comes from an external source, so remember, Think Before You Click!

Mina/Lori,

I ran this with Sruti, what Alaska is sending is for Message Match Count (GMSCNT), Message Match Indicator (GMSIND), Message Match Sequence Identifier (GMSMSI) (please refer to **CDI1.4** in Master Specification) is good, except for the DLN missing on the HB message in error.

We can continue, but let us know the extent of the fix and we have to come back to re-test this test case.

Thanks,
Asma

Subject: RE: AK- SPEXS Smoke Test - Diver C

This email comes from an external source, so remember, Think Before You Click!
 Lori,

For # C12 :

HB message in error from AK:

GMSLOC	MESSAGE LOCATOR/HEADER	1	1708231015070000 1UNISB
GMSCNT	MESSAGE MATCH COUNT	1	01
GMSIND	MESSAGE MATCH INDICATOR	1	Y
GMSMSI	MESSAGE MATCH SEQUENCE ID	1	01
GPROST	PROCESSING STATUS	1	05
GMSSRL	SYSTEM RELEASE CODE	1	
DDLJDL	DRIVER LICENSE JURIS NUMBER	1	

Message Match Count (GMSCNT) must be set to '00'
 Message Match Indicator (GMSIND) must be set to 'Y'
 Message Match Sequence Identifier (GMSMSI) must be set to '00'
 System Release Code (GMSSRL) on the SB was sent s 'H' and the DLN was also sent, but these came back as blank fields.

Please refer to the following section in the Master Specification:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors:

CDL1.TRN.SB/HB. 2700	Message Match Count (GMSCNT)	CLMF-CNT-MEC-MATCH Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2800	Message Match Indicator (GMSIND)	CLMF-INDC-MEC-MATCH Format=Alpha-numeric Size=1	Set to 'N'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2900	Message Match Sequence Identifier (GMSMSI)	CLMF-NUMB-MEC-MATCH-SEQ-ID Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3000	Processing Status (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	Set to '01' (logic error) if the driver could not be located; '03' (syntax error) if processing could not be performed	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3100	Last Match Indicator (GMSLMI)	CLMF-INDC-MEC-LAST-MATCH Format=Alpha-numeric Size=1	Set to 'Y'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3200	System Release Code (GMSSRL)	CLMF-SYSTEM-REL-CODE Format=Alpha-numeric Size=1	Set to the valid code in Appendix D: Data Dictionary (on page 1871) indicating the release version used by the SOR	1-1	1-1	1-1	1-1

Can you please look.

This email comes from an external source, so remember, Think Before You Click!

Mina/Lori,

I ran this with Sruti, what Alaska is sending is for Message Match Count (GMSCNT), Message Match Indicator (GMSIND), Message Match Sequence Identifier (GMSMSI) (please refer to **CDI1.4** in Master Specification) is good, except for the DLN missing on the HB message in error.

We can continue, but let us know the extent of the fix and we have to come back to re-test this test case.

Thanks,

Asma

Subject: RE: AK- SPEXS Smoke Test - Diver C

This email comes from an external source, so remember, Think Before You Click!
Lori,

For # C12 :

HB message in error from AK:

GMSLOC	MESSAGE LOCATOR/HEADER	1	1708231015070000	1UNISB
GMSCNT	MESSAGE MATCH COUNT	1	01	
GMSIND	MESSAGE MATCH INDICATOR	1	Y	
GMSMSI	MESSAGE MATCH SEQUENCE ID	1	01	
GPROST	PROCESSING STATUS	1	05	
GMSSRL	SYSTEM RELEASE CODE	1		
DDLJDL	DRIVER LICENSE JURIS NUMBER	1		

Message Match Count (GMSCNT) must be set to '00'
Message Match Indicator (GMSIND) must be set to 'Y'
Message Match Sequence Identifier (GMSMSI) must be set to '00'
System Release Code (GMSSRL) on the SB was sent s 'H' and the DLN was also sent, but these came back as blank fields.

Please refer to the following section in the Master Specification:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors:

CDL1.TRN.SB/HB. 2700	Message Match Count (GMSCNT)	CLMF-CNT-MEC-MATCH Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2800	Message Match Indicator (GMSIND)	CLMF-INDC-MEC-MATCH Format=Alpha-numeric Size=1	Set to 'N'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2900	Message Match Sequence Identifier (GMSMSI)	CLMF-NUMB-MEC-MATCH-SEQ-ID Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3000	Processing Status (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	Set to '01' (logic error) if the driver could not be located; '03' (syntax error) if processing could not be performed	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3100	Last Match Indicator (GMSLMI)	CLMF-INDC-MEC-LAST-MATCH Format=Alpha-numeric Size=1	Set to 'Y'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3200	System Release Code (GMSSRL)	CLMF-SYSTEM-REL-CODE Format=Alpha-numeric Size=1	Set to the valid code in Appendix D: Data Dictionary (on page 1871) indicating the release version used by the SOR	1-1	1-1	1-1	1-1

Can you please look.

Subject: RE: AK- SPEXS Smoke Test - Diver C

Lori,

C13/14/15 looks fine.

Once the DLN for # C12 is fixed, we can go back and re-test.

Starting a new email chain for Driver G.

Thanks,
Asma

Mina/Lori,

I ran this with Sruti, what Alaska is sending is for Message Match Count (GMSCNT), Message Match Indicator (GMSIND), Message Match Sequence Identifier (GMSMSI) (please refer to **CDI1.4** in Master Specification) is good, except for the DLN missing on the HB message in error.

We can continue, but let us know the extent of the fix and we have to come back to re-test this test case.

Thanks,
Asma

Lori,

For # C12 :

HB message in error from AK:

GMSLOC	MESSAGE LOCATOR/HEADER	1	1708231015070000 1UNISB
GMSCNT	MESSAGE MATCH COUNT	1	01
GMSIND	MESSAGE MATCH INDICATOR	1	Y
GMSMSI	MESSAGE MATCH SEQUENCE ID	1	01
GPROST	PROCESSING STATUS	1	05
GMSSRL	SYSTEM RELEASE CODE	1	
DDLJDL	DRIVER LICENSE JURIS NUMBER	1	

Message Match Count (GMSCNT) must be set to '00'

Message Match Indicator (GMSIND) must be set to 'Y'

Message Match Sequence Identifier (GMSMSI) must be set to '00'

System Release Code (GMSSRL) on the SB was sent s 'H' and the DLN was also sent, but these came back as blank fields.

Please refer to the following section in the Master Specification:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors:

CDL1.TRN.SB/HB. 2700	Message Match Count (GMSCNT)	CLMF-CNT-MEC-MATCH Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2800	Message Match Indicator (GMSIND)	CLMF-INDC-MEC-MATCH Format=Alpha-numeric Size=1	Set to 'N'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 2900	Message Match Sequence Identifier (GMSMSI)	CLMF-NUMB-MEC-MATCH-SEQ-ID Format=Alpha-numeric Size=2	Set to '00'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3000	Processing Status (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	Set to '01' (logic error) if the driver could not be located; '03' (syntax error) if processing could not be performed	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3100	Last Match Indicator (GMSLMI)	CLMF-INDC-MEC-LAST-MATCH Format=Alpha-numeric Size=1	Set to 'Y'	1-1	1-1	1-1	1-1
CDL1.TRN.SB/HB. 3200	System Release Code (GMSSRL)	CLMF-SYSTEM-REL-CODE Format=Alpha-numeric Size=1	Set to the valid code in Appendix D: Data Dictionary (on page 1871) indicating the release version used by the SOR.	1-1	1-1	1-1	1-1

Can you please look.

Thanks,
Asma

AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a [letter of support](#) describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" ([AV START Act](#)). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments."

Through this coalition, state and local leaders continue to work toward a clear definition of the term "performance" as it relates to automated vehicle safety. While the term has been used in context throughout its application to federal motor vehicle safety standards, it becomes more complex due to the merger of the mechanics of the vehicle and the operation of that vehicle. Because elements of preemption will prescribe oversight of vehicle design *and performance* aspects to federal authorities, state and local leaders feel it is essential there is a clear understanding of how the term applies to both design safety features and operational safety features of vehicles that are expected to act as both traditional mechanical vehicles and complex decision-making systems.

This collaborative effort provides the United States Congress with a unified message from state and local leadership on the direction of automated vehicles. Further, it provides for continued partnership between all levels of government as Congress works to define the legal framework for this life-saving and transformative technology. AAMVA continues to engage this issue on behalf of its members and looks forward to continued collaboration with key stakeholders as the legislation continues through the deliberative process.

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a [letter of support](#) describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" ([AV START Act](#)). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments."

Through this coalition, state and local leaders continue to work toward a clear definition of the term "performance" as it relates to automated vehicle safety. While the term has been used in context throughout its application to federal motor vehicle safety standards, it becomes more complex due to the merger of the mechanics of the vehicle and the operation of that vehicle. Because elements of preemption will prescribe oversight of vehicle design *and performance* aspects to federal authorities, state and local leaders feel it is essential there is a clear understanding of how the term applies to both design safety features and operational safety features of vehicles that are expected to act as both traditional mechanical vehicles and complex decision-making systems.

This collaborative effort provides the United States Congress with a unified message from state and local leadership on the direction of automated vehicles. Further, it provides for continued partnership between all levels of government as Congress works to define the legal framework for this life-saving and transformative technology. AAMVA continues to engage this issue on behalf of its members and looks forward to continued collaboration with key stakeholders as the legislation continues through the deliberative process.

Subject: RE: AK- SPEXS Smoke Test - Diver H

Asma,

H2 I resent SG and received HG, H1, H6.

H3 I sent SB and received HB, H1, H2, H3, H4, H5, H7.

H4 I sent the UD and received a UD error. It looks like we are not sending the full social security number, only the last 5, and it is expecting both. The error message is "SSN AND LAST 5 SSN MUST BE CONSISTENT".

I will add this to the my things to fix list.

MEETING AGENDA and MINUTES ALASKA – STATUS MEETING

Date of Meeting: 11/8/2017

Minutes Prepared By: Susan Creighton

Location: Conference Call – (888) 390-7016 pass code 1509728
Jaguar Conference Room Time: 4:30 PM – 5:30 PM ET

1. Purpose of Meeting *(prepare and distribute in advance of meeting)*

Discuss status of NMVTIS implementation re-write for AMIE integrated online updates and inquiries with initial load. Implementation date is set for December 4, 2017.

2. Attendance at Meeting *(add rows as necessary)*

Name	Department/Division	Invitee	Attended
Mina Peters	Alaska	√	√
David Nolen	Alaska	√	√
Dillon Pressley	Alaska – Resource Data	√	√
Joshua Shoemaker	Alaska – Resource Data	√	
Gary Tancik	Alaska – Resource Data	√	
Patrick Anderson	Alaska – Resource Data	√	√
Patrick Brosnan	Alaska – Business	√	
Debra Leonardo	Alaska – Business	√	
Katie Smith	Alaska – Business	√	
Casey Garber	AAMVA, Business Solutions	√	√
Susan Creighton	AAMVA, Lead Systems Analyst	√	√
Amir Chaudhry	AAMVA, Lead Systems Analyst	√	
Sam Amaya	AAMVA, Project Director	√	

3. Meeting Agenda *(prepare and distribute in advance of meeting)*

- File Transfer Testing
- Initial Load Testing
- Implementation
- Next Steps
- Questions & Concerns

4. Meeting Notes, Decisions, Issues

The online smoke test using the AK gap code completed successfully.

Setup for AK to access the AAMVA file transfer server is complete at AAMVA. AK will need to ensure the connectivity is working for all environments. A request to perform updates at AK to enable the access has been requested from an outside department and has been escalated but AK has not yet heard back on when the changes will be made. Once the changes are made, Dave Monroe will work with Susan to test.

Susan will perform a dry run of the response time testing in the CERT environment and provide any issues identified to AK. The actual response time test will be performed in the production environment the week after implementation. If any issues are identified, AK will need to address.

AK has reviewed the issues identified in the first set of initial load test files and they are currently making corrections and plan to send the 2nd set of initial load files in the next day or so.

Since AK is not actually performing an initial load and the initial load programs are being developed for use in the data sync process as well as for disaster recovery, if for some reason we cannot get the initial load tested in time for this implementation, we should be able to allow that to be finished afterwards with AAMVA management approval.

AK implementation plans are to bring the system down around 5 pm AKT (9 PM ET) Friday, December 1st and bring back up on Saturday, December 2nd morning. AK anticipates they will be ready to work with AAMVA to ensure everything is working in the early afternoon AKT time (late afternoon ET) and would like to have another state available to test the unsolicited messages around 1:50 pm AKT (4:50 pm ET). Susan is trying to line up AZ to work with us. AK will be implementing all applications including drivers so there will also be coordination with the other teams.

Susan will create an implementation plan with high level tasks that we will go over in our next meeting.

NEXT STEPS:

Structured testing of the initial load process

Response time dry run test

Implementation tasks

5. Action Items *(add rows as necessary)*

Action	Assigned to	Due Date	Status
Identify a state that will test unsolicited messages on 12/2/2017	Susan Creighton	11/24/2017	Open

6. Issues Identified *(add rows as necessary; issues are unplanned items of impact that require action)*

Issues	Owner	Due Date	Status

7. Next Meeting

<i>Date: (MM/DD/CCYY)</i>	<i>11/15/2017</i>	<i>Time:</i>	<i>4:30 pm – 5:30 pm ET</i>	<i>Location:</i>	<i>Jaguar Conference Room</i>
<i>Agenda:</i>	<i>Will be Sent out Prior to Meeting</i>

Asma,

I just noticed something I hadn't set right for # H4. I'm going to try it again.

Lori

Asma,

O2 – Sent HA, received CS.

I am having problems with case # O3. I received this error "INVALID ELIGIBILITY DATE FOR WDRAW ACD". It may take me a bit to find someone her that knows the business rules for the date.

Thanks for your patience while I figure this out.

Lori

The Social Security Number for Driver O is not a valid number. It is 988-82-6666. The SSA doesn't allow numbers that start with 900 – 999 and our validation will not accept it. Can we change Driver O's number?

Subject: AAMVA Awards 2018 - Call for Entries!

Don't Miss the Deadline for Entries

Award submissions are due on December 22

Don't miss this opportunity to be recognized for the great work your jurisdiction does every day. Improving day-to-day business, reaching out to the community, and saving lives. The AAMVA Awards Program recognizes members of the motor vehicle and law enforcement community by honoring individuals, teams, and organizations who have committed their time and resources to the following categories: **Safety, Service, Security, and Public Affairs & Consumer Education.**

Changes to Submissions for 2018 Awards

SUBMISSION DEADLINE
DECEMBER 22, 2017
Includes Martha Irwin nominations

ENTRIES IMPLEMENTED BETWEEN
OCTOBER 1, 2016 - SEPTEMBER 30, 2017
Does not apply to Martha Irwin Awards

** If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments.*

Submission Information

All submissions must conform to the specifications listed in each award description. Each jurisdiction agency should complete and send one award entry form with the accompanying information specified in each award description. Please send a separate email for each award submission and include all materials for that award. If an award submission represents the work of more than one agency or entity, submit one entry form that has the contact information for each

agency or entity. All award submissions must be sent electronically. If the materials are too large to send by email, please place in a zip file and email to awards@aamva.org.

For specific questions regarding awards and submissions, please contact Jessica Hill at awards@aamva.org.

Submission and Nomination Packet

Who is Eligible?

AAMVA Awards are open to all AAMVA jurisdiction members that are in good standing. Entries submitted for the 2018 Awards must have been conducted (produced, implemented, and/or developed) between October 1, 2016 and September 30, 2017 (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments.

Questions about your jurisdiction membership status should be directed to Dianne Graham at dgraham@aamva.org or 703.908.8267.

Please send a separate email for each award submission and include all materials for that award. If an award submission represents the work of more than one agency or entity, submit one entry form that has the contact information for each

agency or entity. All award submissions must be sent electronically. If the materials are too large to send by email, please place in a zip file and email to awards@aamva.org.

For specific questions regarding awards and submissions, please contact Jessica Hill at awards@aamva.org.

Submission and Nomination Packet

Who is Eligible?

AAMVA Awards are open to all AAMVA jurisdiction members that are in good standing. Entries submitted for the 2018 Awards must have been conducted (produced, implemented, and/or developed) between October 1, 2016 and September 30, 2017 (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments.

Questions about your jurisdiction membership status should be directed to Dianne Graham at dgraham@aamva.org or 703.908.8267.

Submission Information

All submissions must conform to the specifications listed in each award description. Each jurisdiction agency should complete and send one award entry form with the accompanying information specified in each award description. Please send a separate email for each award submission and include all materials for that award. If an award submission represents the work of more than one agency or entity, submit one entry form that has the contact information for each

agency or entity. All award submissions must be sent electronically. If the materials are too large to send by email, please place in a zip file and email to awards@aamva.org.

For specific questions regarding awards and submissions, please contact Jessica Hill at awards@aamva.org.

Submission and Nomination Packet

Who is Eligible?

AAMVA Awards are open to all AAMVA jurisdiction members that are in good standing. Entries submitted for the 2018 Awards must have been conducted (produced, implemented, and/or developed) between October 1, 2016 and September 30, 2017 (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments.

Questions about your jurisdiction membership status should be directed to Dianne Graham at dgraham@aamva.org or 703.908.8267.

AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a letter of support describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" (AV START Act). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments. More information is available in AAMVA's [November 8th Legislative Alert](#).

AAMVA Leadership Academy Applications Deadline Is November 15th

The [Leadership Academy](#) is designed for jurisdiction employees who have demonstrated leadership potential and the ability to succeed in positions of greater responsibility within their agencies. All entries must have been conducted (produced, implemented, and/or developed) **between October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. Visit the [Awards Program](#) page where you'll find the [Awards Submission Packet](#) and other information about each award.

REGION 1 NEWS

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. After Call From Mattiello, Raimondo Tells DMV to Scrap \$250 Fee For Expired Inspection Stickers (Rhode Island)

Under pressure from state lawmakers, Gov. Gina Raimondo has told the Rhode Island Division of Motor Vehicles to halt plans to begin suspending vehicle registrations for expired inspection stickers and charging a \$250 renewal fee. The \$250 re-registration fee had been in state law since 2009, but only with the launch of a new DMV computer system earlier this year has the state had the ability to automatically track inspections and collect the fee. ... Defending the proposed policy last week, DMV Administrator Walter R. "Bud" Craddock said the agency was just enforcing the law. [Read the article at providencejournal.com.](#)

Arkansas and 10 Other States Don't Require Vehicle Inspections

A Hot Springs woman believes bringing back vehicle inspection in the state could keep our roads safer and save lives. ... Arkansas is one of 11 states that does not require safety, emissions or VIN inspections. [Read the article at thv11.com.](#)

Buy The Right License Plate And You'll Help A Kid Get A Free Bike Helmet (North Carolina)

It's not always easy to get kids to wear helmets when they ride bicycles, but it's a lot more difficult if they don't have helmets to wear. That's the thinking behind the N.C. Department of Transportation's Bicycle Helmet Initiative, which has provided thousands of helmets to low-income kids since 2007 using money from the sale of special cycling license plates. [Read the article at newsobserver.com.](#)

DMV Launches Design Contest For A New Distracted-Driving Tag (Virginia)

The DMV is turning to a far more serious subject for a new specialty license tag, one that's also arguably more abstract. The issue is distracted driving, which kills or injures hundreds of people in Virginia each year. The agency has commissioned another contest, open to all Virginia high school students, for a plate that will emphasize the dangers of distractions behind the wheel. Duplicate License Plates. A Ticket From a State She's Never Been To. A Hampton Roads Legal Team Cracks The Case. (Virginia)

A "glitch" in a Virginia Department of Motor Vehicles system had a Virginia woman fighting a traffic ticket — one she shouldn't have gotten. ... It started with a \$105 traffic ticket from New York alleging that her daughter's car had run a red light in Nassau County. Welton knew that couldn't be right because neither she nor her 25-year-old daughter had ever been to the Empire State. ... Apparently, another vehicle was issued the same vanity license plates as the Weltons by the Virginia Department of Motor Vehicles; however, a simple call to the DMV wasn't enough to figure out what was going on. [Read the article at wydaily.com.](#)

REGION 3 NEWS

Travel Scene: Your Driver's License Can Still Get You On A Plane — For Now (Minnesota)

Minnesotans have dodged the REAL ID law for at least another year, as the federal Homeland Security Administration has approved a nearly year-long extension before state travelers are required to produce enhanced security documents to pass through airports, military facilities and federal buildings. The exemption moves the effective compliance date of the federal law from Jan. 1, 2018, to Oct. 18, 2018. [Read the article at postbulletin.com.](#)

New Minnesota Licensing System's Problems Continue

Many Minnesotans hoping to renew vehicle tabs, get new plates or transfer a title were again left waiting in recent weeks as the state's new computer system for vehicle registration continues to be plagued by glitches and slowdowns that have occasionally stretched on for hours. [Read the article at startribune.com.](#)

Mountain Lion License Plate On Track To Become Nebraska's Most Popular Specialty Plate

When it comes to mountain lion license plates, Nebraskans are roaring their approval. ... As of Friday, 21,351 of the colorful specialty plates featuring the state's biggest cat have been sold — more than any other specialty plate sold by the state over the past year. In fact, at this rate, the cougar plates may soon do the unthinkable and pass up Nebraska football plates as the most popular specialty plate on state roadways. [Read the article at omaha.com.](#)

Longtime Truck Driver Loses License Because of Immigration Status (Wisconsin)

A Cuban refugee who has spent nearly four decades in Wisconsin is now out of a job because of his immigration status. Jose Santos of Marshall came to the U.S. when he was 21. In 1988 he got his commercial driver's license and has been a truck driver ever since, until last month when the Department of Motor Vehicles reclassified the legal immigrant as a visitor, disqualifying him from a CDL. 700+ Oregonians Choose Third Gender On ID Cards

More than 700 Oregonians have selected a third gender — neither male nor female — on their state-issued identification cards and driver licenses since the option became available July 3. The state transportation commission approved the change in June, making Oregon the first state to allow people to identify as "nonbinary," or Gender "X" on their driver licenses and identification cards. What You Need to Know About the New ID Law and Travel

In the past several months, there has been plenty of conversation about the Real ID Act and how it will affect air travelers. Passed by Congress in 2005, the act is intended to prevent identity fraud, and starting on Jan. 22, 2018, fliers who reside in some states, even if they're flying domestically, will need identification other than a driver's license to pass through Transportation Security Administration security checkpoints at airports. ... Here, answers to questions about what the Real ID Act means for travelers and why having a passport now may be more important than ever. [Read the article at nytimes.com](http://nytimes.com).

BMW Recalls 1.4M Vehicles Due to Risk of Under-Hood Fires

BMW is recalling more than 1.4 million cars and SUVs in two U.S. recalls due to the risk of fires under the hood. The biggest recall includes over 740,000 328i, 328xi, 328i xDrive, 525i, 525xi, 528i, 528xi, 530i, 530xi, X3 3.0si, X3 xDrive30i, X5 xDrive30i, Z4 3.0i, Z4 3.0si and Z4 sDrive30i vehicles from 2007-2011. Also included is the 2008-2011 128i. [Read the article at fox29.com](http://fox29.com).

A Glimpse Inside the Secret Site Where Driverless Cars Undergo 20,000 Tests

This carefully shrouded 91-acre preserve in the Central Valley is the testing ground for the driverless cars being developed by Waymo, the autonomous-car company that was a division of Google before being spun off last year. Waymo parted the gates of the tall chain-link fence — covered from top to bottom in opaque black plastic — to welcome a busload of reporters last week because they know their challenge is bigger than just developing the "perfect" driverless car. [Read the article at washingtonpost.com](http://washingtonpost.com).

The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) **between October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. Visit the [Awards Program](#) page where you'll find the [Awards Submission Packet](#) and other information about each award.

REGION 1 NEWS

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. After Call From Mattiello, Raimondo Tells DMV to Scrap \$250 Fee For Expired Inspection Stickers (Rhode Island)

Under pressure from state lawmakers, Gov. Gina Raimondo has told the Rhode Island Division of Motor Vehicles to halt plans to begin suspending vehicle registrations for expired inspection stickers and charging a \$250 renewal fee. The \$250 re-registration fee had been in state law since 2009, but only with the launch of a new DMV computer system earlier this year has the state had the ability to automatically track inspections and collect the fee. ... Defending the proposed policy last week, DMV Administrator Walter R. "Bud" Craddock said the agency was just enforcing the law. [Read the article at providencejournal.com.](#)

All entries must have been conducted (produced, implemented, and/or developed) **between October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. Visit the [Awards Program](#) page where you'll find the [Awards Submission Packet](#) and other information about each award.

REGION 1 NEWS

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. In the past several months, there has been plenty of conversation about the Real ID Act and how it will affect air travelers. Passed by Congress in 2005, the act is intended to prevent identity fraud, and starting on Jan. 22, 2018, fliers who reside in some states, even if they're flying domestically, will need identification other than a driver's license to pass through Transportation Security Administration security checkpoints at airports. ... Here, answers to questions about what the Real ID Act means for travelers and why having a passport now may be more important than ever. [Read the article at nytimes.com](http://nytimes.com).

BMW Recalls 1.4M Vehicles Due to Risk of Under-Hood Fires

BMW is recalling more than 1.4 million cars and SUVs in two U.S. recalls due to the risk of fires under the hood. The biggest recall includes over 740,000 328i, 328xi, 328i xDrive, 525i, 525xi, 528i, 528xi, 530i, 530xi, X3 3.0si, X3 xDrive30i, X5 xDrive30i, Z4 3.0i, Z4 3.0si and Z4 sDrive30i vehicles from 2007-2011. Also included is the 2008-2011 128i. [Read the article at fox29.com](http://fox29.com).

A Glimpse Inside the Secret Site Where Driverless Cars Undergo 20,000 Tests

This carefully shrouded 91-acre preserve in the Central Valley is the testing ground for the driverless cars being developed by Waymo, the autonomous-car company that was a division of Google before being spun off last year. Waymo parted the gates of the tall chain-link fence — covered from top to bottom in opaque black plastic — to welcome a busload of reporters last week because they know their challenge is bigger than just developing the "perfect" driverless car. [Read the article at washingtonpost.com](http://washingtonpost.com).

AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a letter of support describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" (AV START Act). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments. More information is available in AAMVA's [November 8th Legislative Alert](#).

AAMVA Leadership Academy Applications Deadline Is November 15th

The [Leadership Academy](#) is designed for jurisdiction employees who have demonstrated leadership potential and the ability to succeed in positions of greater responsibility within their agencies. REGION 1 NEWS

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. After Call From Mattiello, Raimondo Tells DMV to Scrap \$250 Fee For Expired Inspection Stickers (Rhode Island)

Under pressure from state lawmakers, Gov. Gina Raimondo has told the Rhode Island Division of Motor Vehicles to halt plans to begin suspending vehicle registrations for expired inspection stickers and charging a \$250 renewal fee. The \$250 re-registration fee had been in state law since 2009, but only with the launch of a new DMV computer system earlier this year has the state had the ability to automatically track inspections and collect the fee. ... Defending the proposed policy last week, DMV Administrator Walter R. "Bud" Craddock said the agency was just enforcing the law. [Read the article at providencejournal.com.](#)

Vermont Medical Marijuana Patient Wins Back Right To Drive

Arkansas and 10 Other States Don't Require Vehicle Inspections

A Hot Springs woman believes bringing back vehicle inspection in the state could keep our roads safer and save lives. ... Arkansas is one of 11 states that does not require safety, emissions or VIN inspections. [Read the article at thv11.com.](#)

Buy The Right License Plate And You'll Help A Kid Get A Free Bike Helmet (North Carolina)

It's not always easy to get kids to wear helmets when they ride bicycles, but it's a lot more difficult if they don't have helmets to wear. That's the thinking behind the N.C. Department of Transportation's Bicycle Helmet Initiative, which has provided thousands of helmets to low-income kids since 2007 using money from the sale of special cycling license plates. [Read the article at newsobserver.com.](#)

DMV Launches Design Contest For A New Distracted-Driving Tag (Virginia)

The DMV is turning to a far more serious subject for a new specialty license tag, one that's also arguably more abstract. The issue is distracted driving, which kills or injures hundreds of people in Virginia each year. The agency has commissioned another contest, open to all Virginia high school students, for a plate that will emphasize the dangers of distractions behind the wheel. Duplicate License Plates. A Ticket From a State She's Never Been To. A Hampton Roads Legal Team Cracks The Case. (Virginia)

A "glitch" in a Virginia Department of Motor Vehicles system had a Virginia woman fighting a traffic ticket — one she shouldn't have gotten. ... It started with a \$105 traffic ticket from New York alleging that her daughter's car had run a red light in Nassau County. Welton knew that couldn't be right because neither she nor her 25-year-old daughter had ever been to the Empire State. ... Apparently, another vehicle was issued the same vanity license plates as the Weltons by the Virginia Department of Motor Vehicles; however, a simple call to the DMV wasn't enough to figure out what was going on. [Read the article at wydaily.com.](#)

REGION 3 NEWS

Travel Scene: Your Driver's License Can Still Get You On A Plane — For Now (Minnesota)

Minnesotans have dodged the REAL ID law for at least another year, as the federal Homeland Security Administration has approved a nearly year-long extension before state travelers are required to produce enhanced security documents to pass through airports, military facilities and federal buildings. The exemption moves the effective compliance date of the federal law from Jan. 1, 2018, to Oct. 18, 2018. [Read the article at postbulletin.com.](#)

New Minnesota Licensing System's Problems Continue

Many Minnesotans hoping to renew vehicle tabs, get new plates or transfer a title were again left waiting in recent weeks as the state's new computer system for vehicle registration continues to be plagued by glitches and slowdowns that have occasionally stretched on for hours. [Read the article at startribune.com.](#)

Mountain Lion License Plate On Track To Become Nebraska's Most Popular Specialty Plate

When it comes to mountain lion license plates, Nebraskans are roaring their approval. ... As of Friday, 21,351 of the colorful specialty plates featuring the state's biggest cat have been sold — more than any other specialty plate sold by the state over the past year. In fact, at this rate, the cougar plates may soon do the unthinkable and pass up Nebraska football plates as the most popular specialty plate on state roadways. [Read the article at omaha.com.](#)

Longtime Truck Driver Loses License Because of Immigration Status (Wisconsin)

A Cuban refugee who has spent nearly four decades in Wisconsin is now out of a job because of his immigration status. Jose Santos of Marshall came to the U.S. when he was 21. In 1988 he got his commercial driver's license and has been a truck driver ever since, until last month when the Department of Motor Vehicles reclassified the legal immigrant as a visitor, disqualifying him from a CDL. AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a letter of support describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" (AV START Act). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments. More information is available in AAMVA's [November 8th Legislative Alert](#).

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a letter of support describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" (AV START Act). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments. More information is available in AAMVA's [November 8th Legislative Alert](#).

AAMVA Leadership Academy Applications Deadline Is November 15th

The [Leadership Academy](#) is designed for jurisdiction employees who have demonstrated leadership potential and the ability to succeed in positions of greater responsibility within their agencies. AAMVA Awards Program: Don't Miss the Deadline for Entries

Get the recognition you and your team deserve for the great work your jurisdiction does every day. Improving day-to-day business, reaching out to the community, and saving lives. The [AAMVA Awards Program](#) recognizes members of the motor vehicle and law enforcement community by honoring individuals, teams, and organizations who have committed their time and resources to the following categories: **Safety, Service, Security, and Public Affairs & Consumer Education**. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) **between October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. Visit the [Awards Program](#) page where you'll find the [Awards Submission Packet](#) and other information about each award.

REGION 1 NEWS

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. After Call From Mattiello, Raimondo Tells DMV to Scrap \$250 Fee For Expired Inspection Stickers (Rhode Island)

Under pressure from state lawmakers, Gov. Gina Raimondo has told the Rhode Island Division of Motor Vehicles to halt plans to begin suspending vehicle registrations for expired inspection stickers and charging a \$250 renewal fee. The \$250 re-registration fee had been in state law since 2009, but only with the launch of a new DMV computer system earlier this year has the state had the ability to automatically track inspections and collect the fee. ... Defending the proposed policy last week, DMV Administrator Walter R. "Bud" Craddock said the agency was just enforcing the law. [Read the article at providencejournal.com.](#)

Arkansas and 10 Other States Don't Require Vehicle Inspections

A Hot Springs woman believes bringing back vehicle inspection in the state could keep our roads safer and save lives. ... Arkansas is one of 11 states that does not require safety, emissions or VIN inspections. [Read the article at thv11.com.](#)

Buy The Right License Plate And You'll Help A Kid Get A Free Bike Helmet (North Carolina)

It's not always easy to get kids to wear helmets when they ride bicycles, but it's a lot more difficult if they don't have helmets to wear. That's the thinking behind the N.C. Department of Transportation's Bicycle Helmet Initiative, which has provided thousands of helmets to low-income kids since 2007 using money from the sale of special cycling license plates. [Read the article at newsobserver.com.](#)

DMV Launches Design Contest For A New Distracted-Driving Tag (Virginia)

The DMV is turning to a far more serious subject for a new specialty license tag, one that's also arguably more abstract. The issue is distracted driving, which kills or injures hundreds of people in Virginia each year. The agency has commissioned another contest, open to all Virginia high school students, for a plate that will emphasize the dangers of distractions behind the wheel. Duplicate License Plates. A Ticket From a State She's Never Been To. A Hampton Roads Legal Team Cracks The Case. (Virginia)

A "glitch" in a Virginia Department of Motor Vehicles system had a Virginia woman fighting a traffic ticket — one she shouldn't have gotten. ... It started with a \$105 traffic ticket from New York alleging that her daughter's car had run a red light in Nassau County. Welton knew that couldn't be right because neither she nor her 25-year-old daughter had ever been to the Empire State. ... Apparently, another vehicle was issued the same vanity license plates as the Weltons by the Virginia Department of Motor Vehicles; however, a simple call to the DMV wasn't enough to figure out what was going on. [Read the article at wydaily.com.](#)

REGION 3 NEWS

Travel Scene: Your Driver's License Can Still Get You On A Plane — For Now (Minnesota)

Minnesotans have dodged the REAL ID law for at least another year, as the federal Homeland Security Administration has approved a nearly year-long extension before state travelers are required to produce enhanced security documents to pass through airports, military facilities and federal buildings. The exemption moves the effective compliance date of the federal law from Jan. 1, 2018, to Oct. 18, 2018. [Read the article at postbulletin.com.](#)

New Minnesota Licensing System's Problems Continue

Many Minnesotans hoping to renew vehicle tabs, get new plates or transfer a title were again left waiting in recent weeks as the state's new computer system for vehicle registration continues to be plagued by glitches and slowdowns that have occasionally stretched on for hours. [Read the article at startribune.com.](#)

Mountain Lion License Plate On Track To Become Nebraska's Most Popular Specialty Plate

When it comes to mountain lion license plates, Nebraskans are roaring their approval. ... As of Friday, 21,351 of the colorful specialty plates featuring the state's biggest cat have been sold — more than any other specialty plate sold by the state over the past year. In fact, at this rate, the cougar plates may soon do the unthinkable and pass up Nebraska football plates as the most popular specialty plate on state roadways. [Read the article at omaha.com.](#)

Longtime Truck Driver Loses License Because of Immigration Status (Wisconsin)

A Cuban refugee who has spent nearly four decades in Wisconsin is now out of a job because of his immigration status. Jose Santos of Marshall came to the U.S. when he was 21. In 1988 he got his commercial driver's license and has been a truck driver ever since, until last month when the Department of Motor Vehicles reclassified the legal immigrant as a visitor, disqualifying him from a CDL. Software Companies Race Against Car Manufacturers To Corner Automation Market

The area of Automated Vehicle (AV) law and regulation is rapidly evolving. It is a complex process that involves elected legislative bodies, regulatory bodies and vehicle manufacturers. ... AV laws in California have been some of the first and most detailed in the nation, including the requirement that companies must demonstrate financial responsibility in case of an accident by the purchase of an insurance policy or proof of net worth in excess of \$5 million. ... Perhaps surprisingly, the largest group of permit holders are not auto manufacturers but software companies — some of which Americans may not be familiar with, such as Baidu USA, Telenav, Naro and Zoox — that are operating vehicles and systems statewide. [Read the article at sfweekly.com.](#)

What You Need to Know About the New ID Law and Travel

In the past several months, there has been plenty of conversation about the Real ID Act and how it will affect air travelers. Passed by Congress in 2005, the act is intended to prevent identity fraud, and starting on Jan. 22, 2018, fliers who reside in some states, even if they're flying domestically, will need identification other than a driver's license to pass through Transportation Security Administration security checkpoints at airports. ... Here, answers to questions about what the Real ID Act means for travelers and why having a passport now may be more important than ever. [Read the article at nytimes.com](http://nytimes.com).

BMW Recalls 1.4M Vehicles Due to Risk of Under-Hood Fires

BMW is recalling more than 1.4 million cars and SUVs in two U.S. recalls due to the risk of fires under the hood. The biggest recall includes over 740,000 328i, 328xi, 328i xDrive, 525i, 525xi, 528i, 528xi, 530i, 530xi, X3 3.0si, X3 xDrive30i, X5 xDrive30i, Z4 3.0i, Z4 3.0si and Z4 sDrive30i vehicles from 2007-2011. Also included is the 2008-2011 128i. [Read the article at fox29.com](http://fox29.com).

A Glimpse Inside the Secret Site Where Driverless Cars Undergo 20,000 Tests

This carefully shrouded 91-acre preserve in the Central Valley is the testing ground for the driverless cars being developed by Waymo, the autonomous-car company that was a division of Google before being spun off last year. Waymo parted the gates of the tall chain-link fence — covered from top to bottom in opaque black plastic — to welcome a busload of reporters last week because they know their challenge is bigger than just developing the "perfect" driverless car. [Read the article at washingtonpost.com](http://washingtonpost.com).

The DMV is turning to a far more serious subject for a new specialty license tag, one that's also arguably more abstract. The issue is distracted driving, which kills or injures hundreds of people in Virginia each year. The agency has commissioned another contest, open to all Virginia high school students, for a plate that will emphasize the dangers of distractions behind the wheel. Duplicate License Plates. A Ticket From a State She's Never Been To. A Hampton Roads Legal Team Cracks The Case. (Virginia)

A "glitch" in a Virginia Department of Motor Vehicles system had a Virginia woman fighting a traffic ticket — one she shouldn't have gotten. ... It started with a \$105 traffic ticket from New York alleging that her daughter's car had run a red light in Nassau County. Welton knew that couldn't be right because neither she nor her 25-year-old daughter had ever been to the Empire State. ... Apparently, another vehicle was issued the same vanity license plates as the Weltons by the Virginia Department of Motor Vehicles; however, a simple call to the DMV wasn't enough to figure out what was going on. Travel Scene: Your Driver's License Can Still Get You On A Plane — For Now (Minnesota)

Minnesotans have dodged the REAL ID law for at least another year, as the federal Homeland Security Administration has approved a nearly year-long extension before state travelers are required to produce enhanced security documents to pass through airports, military facilities and federal buildings. The exemption moves the effective compliance date of the federal law from Jan. 1, 2018, to Oct. 18, 2018. [Read the article at postbulletin.com.](#)

New Minnesota Licensing System's Problems Continue

Many Minnesotans hoping to renew vehicle tabs, get new plates or transfer a title were again left waiting in recent weeks as the state's new computer system for vehicle registration continues to be plagued by glitches and slowdowns that have occasionally stretched on for hours. What You Need to Know About the New ID Law and Travel

In the past several months, there has been plenty of conversation about the Real ID Act and how it will affect air travelers. Passed by Congress in 2005, the act is intended to prevent identity fraud, and starting on Jan. 22, 2018, fliers who reside in some states, even if they're flying domestically, will need identification other than a driver's license to pass through Transportation Security Administration security checkpoints at airports. ... Here, answers to questions about what the Real ID Act means for travelers and why having a passport now may be more important than ever. [Read the article at nytimes.com](http://nytimes.com).

BMW Recalls 1.4M Vehicles Due to Risk of Under-Hood Fires

BMW is recalling more than 1.4 million cars and SUVs in two U.S. recalls due to the risk of fires under the hood. The biggest recall includes over 740,000 328i, 328xi, 328i xDrive, 525i, 525xi, 528i, 528xi, 530i, 530xi, X3 3.0si, X3 xDrive30i, X5 xDrive30i, Z4 3.0i, Z4 3.0si and Z4 sDrive30i vehicles from 2007-2011. Also included is the 2008-2011 128i. [Read the article at fox29.com](http://fox29.com).

A Glimpse Inside the Secret Site Where Driverless Cars Undergo 20,000 Tests

This carefully shrouded 91-acre preserve in the Central Valley is the testing ground for the driverless cars being developed by Waymo, the autonomous-car company that was a division of Google before being spun off last year. Waymo parted the gates of the tall chain-link fence — covered from top to bottom in opaque black plastic — to welcome a busload of reporters last week because they know their challenge is bigger than just developing the "perfect" driverless car. Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a letter of support describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" (AV START Act). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments. More information is available in AAMVA's [November 8th Legislative Alert](#).

AAMVA Leadership Academy Applications Deadline Is November 15th

The [Leadership Academy](#) is designed for jurisdiction employees who have demonstrated leadership potential and the ability to succeed in positions of greater responsibility within their agencies. When it comes to mountain lion license plates, Nebraskans are roaring their approval. ... As of Friday, 21,351 of the colorful specialty plates featuring the state's biggest cat have been sold — more than any other specialty plate sold by the state over the past year. In fact, at this rate, the cougar plates may soon do the unthinkable and pass up Nebraska football plates as the most popular specialty plate on state roadways. [Read the article at omaha.com.](#)

Longtime Truck Driver Loses License Because of Immigration Status (Wisconsin)

A Cuban refugee who has spent nearly four decades in Wisconsin is now out of a job because of his immigration status. Jose Santos of Marshall came to the U.S. when he was 21. In 1988 he got his commercial driver's license and has been a truck driver ever since, until last month when the Department of Motor Vehicles reclassified the legal immigrant as a visitor, disqualifying him from a CDL. What You Need to Know About the New ID Law and Travel

In the past several months, there has been plenty of conversation about the Real ID Act and how it will affect air travelers. Passed by Congress in 2005, the act is intended to prevent identity fraud, and starting on Jan. 22, 2018, fliers who reside in some states, even if they're flying domestically, will need identification other than a driver's license to pass through Transportation Security Administration security checkpoints at airports. ... Here, answers to questions about what the Real ID Act means for travelers and why having a passport now may be more important than ever. [Read the article at nytimes.com](http://nytimes.com).

BMW Recalls 1.4M Vehicles Due to Risk of Under-Hood Fires

BMW is recalling more than 1.4 million cars and SUVs in two U.S. recalls due to the risk of fires under the hood. The biggest recall includes over 740,000 328i, 328xi, 328i xDrive, 525i, 525xi, 528i, 528xi, 530i, 530xi, X3 3.0si, X3 xDrive30i, X5 xDrive30i, Z4 3.0i, Z4 3.0si and Z4 sDrive30i vehicles from 2007-2011. Also included is the 2008-2011 128i. [Read the article at fox29.com](http://fox29.com).

A Glimpse Inside the Secret Site Where Driverless Cars Undergo 20,000 Tests

This carefully shrouded 91-acre preserve in the Central Valley is the testing ground for the driverless cars being developed by Waymo, the autonomous-car company that was a division of Google before being spun off last year. Waymo parted the gates of the tall chain-link fence — covered from top to bottom in opaque black plastic — to welcome a busload of reporters last week because they know their challenge is bigger than just developing the "perfect" driverless car. [Read the article at washingtonpost.com](http://washingtonpost.com).

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. After Call From Mattiello, Raimondo Tells DMV to Scrap \$250 Fee For Expired Inspection Stickers (Rhode Island)

Under pressure from state lawmakers, Gov. Gina Raimondo has told the Rhode Island Division of Motor Vehicles to halt plans to begin suspending vehicle registrations for expired inspection stickers and charging a \$250 renewal fee. The \$250 re-registration fee had been in state law since 2009, but only with the launch of a new DMV computer system earlier this year has the state had the ability to automatically track inspections and collect the fee. ... Defending the proposed policy last week, DMV Administrator Walter R. "Bud" Craddock said the agency was just enforcing the law. [Read the article at providencejournal.com.](#)

AAMVA Awards Program: Don't Miss the Deadline for Entries

Get the recognition you and your team deserve for the great work your jurisdiction does every day. Improving day-to-day business, reaching out to the community, and saving lives. The [AAMVA Awards Program](#) recognizes members of the motor vehicle and law enforcement community by honoring individuals, teams, and organizations who have committed their time and resources to the following categories: **Safety, Service, Security, and Public Affairs & Consumer Education**. The deadline for submissions (including Martha Irwin Award nominations) will be **December 22, 2017**. All entries must have been conducted (produced, implemented, and/or developed) **between October 1, 2016 and September 30, 2017** (does not apply to the Martha Irwin Awards). If an entry won an award in 2017, it cannot be resubmitted in 2018 unless it has major upgrades or developments. Visit the [Awards Program](#) page where you'll find the [Awards Submission Packet](#) and other information about each award.

REGION 1 NEWS

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a letter of support describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" (AV START Act). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments. More information is available in AAMVA's [November 8th Legislative Alert](#).

New Digital Driver License Technology Closer To Reality (Wyoming)

Wyoming is testing out a new technology that many say is not only convenient, but also helps protect individual's privacy and security. Gemalto, an international digital company that works to provide secure software, is currently working with five states (Wyoming, Colorado, Idaho, Maryland, and Washington D.C.) in bringing digital driver's licenses closer to reality. OTHER NEWS

Software Companies Race Against Car Manufacturers To Corner Automation Market

The area of Automated Vehicle (AV) law and regulation is rapidly evolving. It is a complex process that involves elected legislative bodies, regulatory bodies and vehicle manufacturers. ... AV laws in California have been some of the first and most detailed in the nation, including the requirement that companies must demonstrate financial responsibility in case of an accident by the purchase of an insurance policy or proof of net worth in excess of \$5 million. ... Perhaps surprisingly, the largest group of permit holders are not auto manufacturers but software companies — some of which Americans may not be familiar with, such as Baidu USA, Telenav, Naro and Zoox — that are operating vehicles and systems statewide. What You Need to Know About the New ID Law and Travel

In the past several months, there has been plenty of conversation about the Real ID Act and how it will affect air travelers. Passed by Congress in 2005, the act is intended to prevent identity fraud, and starting on Jan. 22, 2018, fliers who reside in some states, even if they're flying domestically, will need identification other than a driver's license to pass through Transportation Security Administration security checkpoints at airports. ... Here, answers to questions about what the Real ID Act means for travelers and why having a passport now may be more important than ever. [Read the article at nytimes.com.](#)

BMW Recalls 1.4M Vehicles Due to Risk of Under-Hood Fires

BMW is recalling more than 1.4 million cars and SUVs in two U.S. recalls due to the risk of fires under the hood. The biggest recall includes over 740,000 328i, 328xi, 328i xDrive, 525i, 525xi, 528i, 528xi, 530i, 530xi, X3 3.0si, X3 xDrive30i, X5 xDrive30i, Z4 3.0i, Z4 3.0si and Z4 sDrive30i vehicles from 2007-2011. Also included is the 2008-2011 128i. [Read the article at fox29.com.](#)

A Glimpse Inside the Secret Site Where Driverless Cars Undergo 20,000 Tests

This carefully shrouded 91-acre preserve in the Central Valley is the testing ground for the driverless cars being developed by Waymo, the autonomous-car company that was a division of Google before being spun off last year. Waymo parted the gates of the tall chain-link fence — covered from top to bottom in opaque black plastic — to welcome a busload of reporters last week because they know their challenge is bigger than just developing the "perfect" driverless car. [Read the article at washingtonpost.com.](#)

REGION 1 NEWS

Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. After Call From Mattiello, Raimondo Tells DMV to Scrap \$250 Fee For Expired Inspection Stickers (Rhode Island)

Under pressure from state lawmakers, Gov. Gina Raimondo has told the Rhode Island Division of Motor Vehicles to halt plans to begin suspending vehicle registrations for expired inspection stickers and charging a \$250 renewal fee. The \$250 re-registration fee had been in state law since 2009, but only with the launch of a new DMV computer system earlier this year has the state had the ability to automatically track inspections and collect the fee. ... Defending the proposed policy last week, DMV Administrator Walter R. "Bud" Craddock said the agency was just enforcing the law. [Read the article at providencejournal.com.](#)

Buy The Right License Plate And You'll Help A Kid Get A Free Bike Helmet (North Carolina)

It's not always easy to get kids to wear helmets when they ride bicycles, but it's a lot more difficult if they don't have helmets to wear. That's the thinking behind the N.C. Department of Transportation's Bicycle Helmet Initiative, which has provided thousands of helmets to low-income kids since 2007 using money from the sale of special cycling license plates. [Read the article at newsobserver.com.](#)

DMV Launches Design Contest For A New Distracted-Driving Tag (Virginia)

The DMV is turning to a far more serious subject for a new specialty license tag, one that's also arguably more abstract. The issue is distracted driving, which kills or injures hundreds of people in Virginia each year. The agency has commissioned another contest, open to all Virginia high school students, for a plate that will emphasize the dangers of distractions behind the wheel. Duplicate License Plates. A Ticket From a State She's Never Been To. A Hampton Roads Legal Team Cracks The Case. (Virginia)

A "glitch" in a Virginia Department of Motor Vehicles system had a Virginia woman fighting a traffic ticket — one she shouldn't have gotten. ... It started with a \$105 traffic ticket from New York alleging that her daughter's car had run a red light in Nassau County. Welton knew that couldn't be right because neither she nor her 25-year-old daughter had ever been to the Empire State. ... Apparently, another vehicle was issued the same vanity license plates as the Weltons by the Virginia Department of Motor Vehicles; however, a simple call to the DMV wasn't enough to figure out what was going on. [Read the article at wydaily.com.](#)

REGION 3 NEWS

Travel Scene: Your Driver's License Can Still Get You On A Plane — For Now (Minnesota)

Minnesotans have dodged the REAL ID law for at least another year, as the federal Homeland Security Administration has approved a nearly year-long extension before state travelers are required to produce enhanced security documents to pass through airports, military facilities and federal buildings. The exemption moves the effective compliance date of the federal law from Jan. 1, 2018, to Oct. 18, 2018. [Read the article at postbulletin.com.](#)

New Minnesota Licensing System's Problems Continue

Many Minnesotans hoping to renew vehicle tabs, get new plates or transfer a title were again left waiting in recent weeks as the state's new computer system for vehicle registration continues to be plagued by glitches and slowdowns that have occasionally stretched on for hours. Massachusetts 'REAL ID' Available Beginning March 26

You may have to wait until 2020 for the next presidential election and for marking the quadricentennial of the Pilgrims arriving in what would become the Bay State. But you won't have to wait until 2020 to get the "real ID," which you'll need three years from now to board a plane. The Massachusetts Registry of Motor Vehicles will begin to issue its "REAL ID" license and identification cards next March 26, in anticipation of an Oct. 1, 2020 deadline for the new cards needed for travel in the U.S. by airplane or entering certain U.S. government buildings. AAMVA Joins State and Local Leadership to Support Senate AV START Act

Joining the National Governors Association (NGA), the National Conference of State Legislatures (NCSL), and numerous other leading state and local transportation officials, AAMVA has signed on to a letter of support describing the key successes and challenges associated with the Senate "American Vision for Safety Transportation through Advancement of Revolutionary Technologies Act" (AV START Act). The coalition cites the preference of the Senate language for numerous reasons, including the fact that "the AV START Act's approach appropriately establishes federal preemption by prescribing subject matters specifically to those contained in a safety evaluation report, thereby preserving the historic federal partnership with state and local governments. More information is available in AAMVA's [November 8th Legislative Alert](#).

BMW Recalls 1.4M Vehicles Due to Risk of Under-Hood Fires

BMW is recalling more than 1.4 million cars and SUVs in two U.S. recalls due to the risk of fires under the hood. The biggest recall includes over 740,000 328i, 328xi, 328i xDrive, 525i, 525xi, 528i, 528xi, 530i, 530xi, X3 3.0si, X3 xDrive30i, X5 xDrive30i, Z4 3.0i, Z4 3.0si and Z4 sDrive30i vehicles from 2007-2011. Also included is the 2008-2011 128i. [Read the article at fox29.com](http://fox29.com).

A Glimpse Inside the Secret Site Where Driverless Cars Undergo 20,000 Tests

This carefully shrouded 91-acre preserve in the Central Valley is the testing ground for the driverless cars being developed by Waymo, the autonomous-car company that was a division of Google before being spun off last year. Waymo parted the gates of the tall chain-link fence — covered from top to bottom in opaque black plastic — to welcome a busload of reporters last week because they know their challenge is bigger than just developing the "perfect" driverless car. [Read the article at washingtonpost.com](http://washingtonpost.com).

Good morning Asma,

I am ready to continue testing Driver O.

We had some email communication problems Thursday. The emails you sent in response to my emails starting at 10:00 am Alaska time did not arrive in my email box until evening. I had our IT guys look into it Friday and they said the messages were delayed in route, so it does not appear to have been a problem on your end or mine. Hopefully, things will be back to normal today.

Asma,

O2 – Sent HA, received CS.

I am having problems with case # O3. I received this error “INVALID ELIGIBILITY DATE FOR WDRAW ACD”. It may take me a bit to find someone her that knows the business rules for the date.

Thanks for your patience while I figure this out.

Lori

Asma,

The Social Security Number for Driver O is not a valid number. It is 988-82-6666. The SSA doesn't allow numbers that start with 900 – 999 and our validation will not accept it. Can we change Driver O's number?

Asma,

O2 – Sent HA, received CS.

I am having problems with case # O3. I received this error “INVALID ELIGIBILITY DATE FOR WDRAW ACD”. It may take me a bit to find someone her that knows the business rules for the date.

Thanks for your patience while I figure this out.

Lori

Good morning Asma,

I am ready to continue testing Driver O.

We had some email communication problems Thursday. The emails you sent in response to my emails starting at 10:00 am Alaska time did not arrive in my email box until evening. I had our IT guys look into it Friday and they said the messages were delayed in route, so it does not appear to have been a problem on your end or mine. Hopefully, things will be back to normal today.

Subject: RE: AK- SPEXS Smoke Test - Diver O

Good morning Asma,

I am ready to continue testing Driver O.

We had some email communication problems Thursday. The emails you sent in response to my emails starting at 10:00 am Alaska time did not arrive in my email box until evening. I had our IT guys look into it Friday and they said the messages were delayed in route, so it does not appear to have been a problem on your end or mine. Hopefully, things will be back to normal today.

Lori

GM Lori,

Let me know when you are ready to begin with the testing.

Thanks,
Asma

Lori,

We can continue on Monday (AAMVA is closed on Friday, November 10 in observance of Veterans day)

Thank you and have a very nice weekend .

Regards,
Asma

Lori, I did reply, not sure if there is a delay at your end in receiving my emails. I am attaching the email I have sent you.

Can you please re-try

Thanks,
Asma

Asma,

Looking at the messages AK has received, the HB, HC, HG and HD have Process Status 3 and "COMMERCIAL CLASS REQUIRED" error block.

Do you know why?

Lori

Asma,

O4 – Sent HH, received CO.
O5 – Sent HY, received CY.
O6 – Sent SG, received HG, H6.

O7 – Sent SB, received HB, H2, H3, H5, H7.
O8 – Sent UD, received CG, HD, H2, H3, H5, H7. Did not receive CE.

Asma,

I finally figured out what was required to send the Withdrawal action.

O3 – Sent HW, received CT.

I'll continue with Driver O. I have a meeting shortly so it may take me awhile to get through # O4 - # O8.

Lori,

For ACD Withdrawal Reason Code 'W28', DL Withdrawal Eligibility Date must be 'INDEF', I see that you are sending '20181030'.

Can you try this again with 'INDEF' as the DL Withdrawal Eligibility Date

Asma,

O2 – Sent HA, received CS.

I am having problems with case # O3. I received this error “INVALID ELIGIBILITY DATE FOR WDRAW ACD”. It may take me a bit to find someone her that knows the business rules for the date.

Thanks for your patience while I figure this out.

Asma,

The Social Security Number for Driver O is not a valid number. It is 988-82-6666. The SSA doesn't allow numbers that start with 900 – 999 and our validation will not accept it. Can we change Driver O's number?
